HOLDS ON REGISTRATION

The University may block the registration of admitted or matriculated students by placing a registration hold on their record for several reasons (e.g., non-payment of tuition, library books not returned, violation of the mandatory continuous-enrollment requirement, expiration of time to degree, etc).

It is the responsibility of the student to meet the conditions required to remove the registration hold.

See the registrar.slu.edu (http://www.slu.edu/services/registrar/holds/) for additional information.
