2+SLU Programs

2+SLU programs are designed to be flexible. If you are seeking an associate degree at a partner institution, you can opt-in to the program at any point.

2+SLU Program Highlights

- Let SLU know you are opting into the program via written or verbal consent (recommended) or on our application for admission. (https://www.slu.edu/apply.php)
- Take up to three years to complete your associate degree portion of a published program plan. For example, students following a 2021-2022 program plan will have until spring 2025 to transfer to SLU.
- Be assured of admission to select SLU programs if you follow the requirements of the 2+SLU agreement and meet SLU’s published admission policies and criteria. The requirements of the agreement stipulate that students must earn an associate’s degree from their home institution. SLU’s published admission criteria and policies include the minimum cumulative GPA and undergraduate admission policies (https://catalog.slu.edu/academic-policies/office-admission/undergraduate/admission-policies/).
