

ARETE COLLEGE

Arete College and Saint Louis University have partnered to offer admission for qualified Arete students after completing one year of study. Arete's English immersion program prepares students for bachelor's studies at SLU, and SLU offers streamlined admission requirements for Arete students. Students from Arete are able to transfer into most bachelor programs and complete in three years; some STEM and health profession programs may require additional semesters of study.

We invite students from Arete interested in applying to visit our International Admission page (<https://www.slu.edu/admission/international/>).

View up to date transfer articulations here (https://www.slu.edu/services/emis/apps/articulation/all_choose_state.php).
