

HEALTH CARE ETHICS, PH.D. AND J.D. DUAL DEGREE

Students begin their dual degree studies at the Saint Louis University School of Law (<https://www.slu.edu/law>) as traditional first-year students. In their second and third years of study, students are primarily law students but take six credits of courses at SLU's Center for Health Care Ethics.

In addition to the six credits in health care ethics, students enroll in a three-credit directed research course that is cross-listed by both programs. The directed research project is supervised by faculty from both programs and is treated as a traditional law school directed research project.

Dual degree students ordinarily graduate with the J.D. in three years of full-time study. It is recommended that they sit for the bar exam in the summer following their graduation.

Beginning in the fall following their graduation from the School of Law, all academic work is dedicated to the Ph.D. program. The Ph.D. program recognizes nine credits of law school courses towards the Ph.D. (See details below.) Additionally, students will have completed nine credits of Health Care Ethics classes during the J.D. program. Thus, it is expected that students will complete their Ph.D. coursework in two semesters following their J.D. program. Comprehensive exams and the dissertation ordinarily require an additional three semesters.

During the entire time that students are enrolled in the dual degree program, it is expected that they will be engaged in both programs. Starting with their second year of law school, students will take part in Ph.D. seminars and other extracurricular programs offered by the doctoral program. Once they have completed their J.D. and are enrolled in the doctoral program, it is expected that they will remain engaged in relevant health law activities at the School of Law.

For additional information see the catalog entries for the following programs:

Health Care Ethics, Ph.D. (<http://catalog.slu.edu/colleges-schools/arts-sciences/health-care-ethics/health-care-ethics-phd>)

Law, J.D. (<http://catalog.slu.edu/colleges-schools/law/juris-doctor>)

Accreditation

The Saint Louis University School of Law has been continuously accredited by the American Bar Association (ABA) since December 1924. The accrediting body is the Council of the Section of Legal Education and Admissions to the Bar of the American Bar Association, 321 North Clark Street, Chicago, IL 60654, 312-988-6738.

Admission

Students who wish to enter SLU's J.D./Ph.D. program must fulfill all admission requirements for the School of Law and the Albert Gnaegi Center for Health Care Ethics. They must apply to each separately.

Students may apply to both schools during the same admission period, or may wait to apply to the Ph.D. program during their first year in the School of Law.

Requirements

Students complete the usual curriculum in both the Juris Doctor and Ph.D. programs. However, as indicated below, 18 credits of coursework satisfy requirements in both of the programs.

Code	Title	Credits
J.D. Courses Counted toward Ph.D. Degree		
LAW 8000	Health Care Law	3
LAW 8005	Bioethics and the Law (PL)	3
Select one course of the following Health Care Law courses:		3
LAW 8010	Health Care Financing and Business Planning	
LAW 8030	FDA Law and Policy	
LAW 8035	Disability Law (PL)	
LAW 8040	Elder Law	
LAW 8045	HIPAA Privacy Law	
LAW 8050	Innovation and Emerging Technologies in Medicine: Ethical, Legal and Social Issues (H)	
LAW 8065	Fraud, Abuse and Health Care Regulation	
LAW 8075	Health Care Compliance and the Law	
LAW 8080	Legal Issues in Long Term Care	
LAW 8090	Health Care Regulation	
Ph.D. Courses Counted toward J.D. Degree		
HCE 6040	Interdisciplinary Research in Health Care Ethics	3
Select two of the following health care ethics courses:		6
HCE 6010	Methods in Philosophical Ethic	
HCE 6020	Methods in Religious Ethics	
HCE 6050	Philosophical Foundations	
HCE 6070	Foundations of Catholic Morality	
HCE 6130	Clinical Ethics	
HCE 6140	Research Ethics	

Continuation Standards

Students must maintain a cumulative grade point average (GPA) of 3.00 in all graduate/professional courses.
