

FRENCH - BEGINNING, MICROCREDENTIAL

The Saint Louis University Microcredential in Beginning French consists of 6 credit hours. Satisfactory completion of the required courses would allow the student to develop the necessary skills to conduct beginning-level communication in French through the acquisition of appropriate vocabulary, grammar, reading, writing, listening comprehension, speaking capabilities, and an introduction to French-speaking culture.

SLU's Microcredential in Beginning French aligns itself with all other programs in the Department of Languages, Literatures, and Cultures in that it is designed to help students gain a broader understanding of themselves, as well as the languages and cultures of others. This inherently fosters an understanding and appreciation for diverse perspectives and represents a crucial virtue in today's globalized world.
