

SPANISH - ADVANCED, MICROCREDENTIAL

The microcredential in advanced Spanish consists of six required credit hours. Satisfactory completion of the required courses would allow the student to develop the necessary skills to conduct proficient-level communication in Spanish through the acquisition of appropriate vocabulary, grammar, reading, writing, listening comprehension, speaking capabilities and an exploration of issues in Spanish-speaking culture. The microcredential in advanced Spanish provides students who do not wish to pursue a major or a minor in Spanish with the opportunity to document their proficient-level competence in this language.
