

SPANISH - BEGINNING, MICROCREDENTIAL

The microcredential in beginning Spanish consists of six required credit hours. Satisfactory completion of the required courses would allow the student to develop the necessary skills to conduct beginning-level communication in Spanish through the acquisition of appropriate vocabulary, grammar, reading, writing, listening comprehension, speaking capabilities and an introduction to Spanish-speaking culture.

The microcredential in Beginning Spanish provides students who do not wish to pursue a major or a minor in Spanish with the opportunity to document their beginning-level conversational competence in this language.

Thus, a SLU-St. Louis student may complete the microcredential in beginning Spanish in Madrid (partially or entirely), and a SLU-Madrid student may complete it at the St. Louis campus (partially or entirely).
