DEPARTMENT OF MATHEMATICS AND STATISTICS

Leadership
Bryan Clair, Ph.D.
Department Chair
Brody Johnson, Ph. D.,
Associate Chair, Undergraduate Program Coordinator
Jim Gill, Ph.D.
Graduate Program Coordinator
Michael May, S.J, Ph.D.
Lower Division Coordinator

Overview
The department offers a Bachelor of Arts (B.A.), Bachelor of Science (B.S.), Master of Arts (M.A.) and Doctor of Philosophy (Ph.D.) in Mathematics. The B.A. degree can include a Concentration in Statistics, and there is a Teachers Option. The department participates in the Bachelor of Science (B.S.) degree in Data Science. Minors are available in mathematics, in engineering mathematics, and in actuarial mathematics. An accelerated Bachelors/Masters program combines the mathematics B.A. or B.S. with the Master of Science (M.S.) degree in Bioinformatics and Computational Biology.

Faculty members are internationally recognized researchers in pure mathematics and statistics, and are award winning educators dedicated to innovation in instruction, curricular development, and classroom technology. The faculty deliver advanced mathematics and statistics courses in the context of a liberal arts education, with small class sizes and a 1-1 faculty student ratio in graduate programs.

Mathematics and Statistics courses meet the needs of students with a wide variety of interests. The department offers introductory courses to satisfy the core curriculum requirements, as well as courses that provide students in other disciplines with the mathematical and statistical background that they need for their chosen fields of study. Students who major in Mathematics are prepared for careers in business, industry, government, and education, or for further study at the graduate level in math, computer science, law, or medicine.

Programs
Undergraduate
- Bioinformatics and Computational Biology, Bachelor’s to M.S. Accelerated Program (http://catalog.slu.edu/colleges-schools/arts-sciences/interdisciplinary/accelerated-bachelors-masters-program)
- Data Science, B.S. (http://catalog.slu.edu/colleges-schools/arts-sciences/interdisciplinary/data-science-bs)

Graduate
- Mathematics, Ph.D. (http://catalog.slu.edu/colleges-schools/arts-sciences/mathematics-statistics/mathematics-phd)
