**BUSINESS ADMINISTRATION, M.B.A. (PROFESSIONAL)**

The Professional MBA program at Saint Louis University’s Richard A. Chaifetz School of Business (https://www.slu.edu/business/) is tailored to accommodate the schedules of working professionals. Students can take classes through the hybrid program online or on campus weekday evenings (Monday through Thursday), generally from 6 to 9:15 p.m. To increase flexibility, students may begin the program in January, May or August.

The Chaifetz School’s broad-based Professional MBA program, ranked in the top 40 nationally by *U.S. News & World Report*, prepares students to succeed in management roles through the development of strategic skills and knowledge in a range of functional business areas. In addition to the managerial core, students can focus elective coursework in one of 10 concentration areas including the Chaifetz School’s nationally ranked specialty areas of accounting (#40), entrepreneurship (#10), international business (#11) and supply chain management (#13).

While most AACSB-accredited schools only allow students to transfer up to six credits if needed, SLU’s agreement with the Jesuit MBA network allows students to transfer all credits to partner Jesuit schools if needs arise for relocation.

Scholarship support is available from the Chaifetz School of Business and all applications are assessed for scholarship consideration at the time of admission.

**Curriculum Overview**

SLU’s Professional MBA courses are offered Monday through Thursday from 6-9:15 p.m., allowing students to complete the program and maintain full-time employment. On average, evening MBA students complete the program in two-and-a-half years but are allotted up to five years, if necessary, allowing students to maintain a balance between their personal and professional life.

The Professional MBA program requirements range from 36-48 credits, depending on prior academic background. The program consists of 12 credits of foundation coursework (economics, accounting, applied business statistics and operations management), 21 credits of advanced managerial core requirements and nine credits of advanced electives. Partial to complete waivers may be offered for the four foundations courses for students demonstrating competency through coursework completed in the last five years. These waivers are determined at the time of admission. Questions about course waivers can be directed to gradbiz@slu.edu.

The advanced managerial core includes coursework in finance, information technology, global business, business analytics, management, marketing, legal/ethical environment of business and professional effectiveness. Lastly, students complete a strategy and practice course during which students participate in live team-based consulting projects with local for-profit and nonprofit organizations. The course is aimed at developing teamwork and integrated strategy skills. Electives may be taken in any business discipline or, with academic approval, several non-business disciplines.

Students have the option to concentrate the electives of their coursework in one of the following areas of emphasis:

- Accounting (Additional pre-requisites may be required)
- Economics
- Entrepreneurship
- Finance
- Information technology management
- International business
- Management
- Marketing
- Project management
- Supply chain management

**Careers**

The Richard A. Chaifetz School of Business (https://www.slu.edu/business/) has a dedicated Career Resources Center and Graduate Career Advisor to help MBA students define professional goals, build essential career skills, create a robust professional network and develop a job search strategy. The center’s support, resources and advisement are available to students after graduation.

Eighty percent of graduates reported a change in employment status with about one-third accepting offers with a new employer, about one-third receiving promotions and about one-third changing functional roles within their organizations. Ninety-six percent of graduates who indicated a change in employment reported a salary increase at an average of 33 percent.

**Admission Requirements**

Applicants are reviewed holistically for undergraduate performance and internship or professional experience.

No GMAT or GRE required.

**Application Requirements**

- Completed online application (https://www.applyweb.com/slugrad/)
- Transcript(s)
- Two letters of recommendation
- Résumé
- Professional goal statement

**Requirements for International Students**

Applicants who are not U.S. citizens or permanent residents will also need to submit:

- English Language Proficiency Scores: For non-native speakers of English, an official TOEFL or IELTS score report is also required and must be sent directly from ETS or the British Council (The school code is 6629 for ETS). TOEFL and IELTS scores should be no more than two years old. This program requires a TOEFL score of 88 and an IELTS broadband of at least a 6.5. The Pearson Test of English (PTE) and Duolingo scores can be accepted as well. If you are interested in submitting Pearson scores, please contact gradbiz@slu.edu.
Learning Outcomes

- Graduates will develop a strategic level understanding of the key functions of business—accounting, economics, finance, international business, management, marketing, operations, and statistics.

- Graduates will practice problem analysis and decision-making and present results, both individually and as part of teams and groups, using vehicles such as problem and case analysis, integrated modules, and live consulting opportunities.

- Graduates will be aware of globalization and its impacts on people, businesses, and the economy.

- Graduates will participate in at least one service learning experience during the course of their studies and/or participate and assume leadership roles in student and community organizations.

- Graduates will be exposed to values issues and application of values to business professions in case analysis and in classroom interaction.
