ECONOMICS, B.A.

Economics is the study of how individuals, firms and nations make choices when confronted with limited resources. At Saint Louis University, economics majors learn to apply theory and problem-solving skills while balancing public policy with the choices faced by today’s society.

Curriculum Overview
You’ll research microeconomic issues that are relevant to decision-making for individuals, private businesses and public policy, as well as macroeconomic issues, data and frameworks for examining the economies of the world and how they relate to each other.

Internships/Student Organizations
Saint Louis University’s urban location provides many internship opportunities, which allow economics students to gain career-related work experience while applying classroom learning to practice. Most internships are paid, and students may earn academic credit. Supervised by both a representative from the organization and a faculty mentor, economics students at SLU have interned with financial institutions and governmental agencies.

The department sponsors an Economics Club for students interested in economics. This club provides a link between students and a career in the field of economics, offering students opportunities to establish networking relationships with potential employers.

Careers
SLU’s Department of Economics has an excellent record of placing graduates in graduate and professional programs, leading to high-profile jobs.

Admission Requirements
Begin Your Application (http://www.slu.edu/apply.php)
Saint Louis University also accepts the Common Application.

Freshman
All applications are thoroughly reviewed with the highest degree of individual care and consideration to all credentials that are submitted. Solid academic performance in college preparatory coursework is a primary concern in reviewing a freshman applicant’s file.

To be considered for admission to any Saint Louis University undergraduate program, applicants must be graduating from an accredited high school, have an acceptable HiSET exam score or take the General Education Development (GED) test.

Transfer
Applicants must be a graduate of an accredited high school or have an acceptable score on the GED.

Students who have attempted fewer than 24 semester credits (or 30 quarter credits) of college credit must follow the above freshmen admission requirements. Students who have completed 24 or more semester credits (or 30 quarter credits) of college credit must submit transcripts from all previously attended college(s).

In reviewing a transfer applicant’s file, the Office of Admission holistically examines the student’s academic performance in college-level coursework as an indicator of the student’s ability to meet the academic rigors of Saint Louis University. Where applicable, transfer students will be evaluated on any courses outlined in the continuation standards of their preferred major.

International Applicants
All admission policies and requirements for domestic students apply to international students along with the following:

• Demonstrate English Language Proficiency
• Proof of financial support must include:
  • A letter of financial support from the person(s) or sponsoring agency funding the time at Saint Louis University
  • A letter from the sponsor’s bank verifying that the funds are available and will be so for the duration of study at the University
• Academic records, in English translation, of students who have undertaken postsecondary studies outside the United States must include the courses taken and/or lectures attended, practical laboratory work, the maximum and minimum grades attainable, the grades earned or the results of all end-of-term examinations, and any honors or degrees received. WES and ECE transcripts are accepted.

Scholarships and Financial Aid
There are two principal ways to help finance a Saint Louis University education:

• Scholarships: Scholarships are awarded based on academic achievement, service, leadership and financial need.
• Financial Aid: Financial aid is provided in the form of grants and loans, some of which require repayment.

For priority consideration for merit-based scholarships, apply for admission by Dec. 1 and complete a Free Application for Federal Student Aid (FAFSA) by March 1.

For information on other scholarships and financial aid, visit www.slu.edu/financial-aid (https://www.slu.edu/financial-aid/).

Learning Outcomes
1. Graduates will be able to understand essential business concepts and how the various functional areas of business are related.
2. Graduates will be able to demonstrate knowledge of ethical concepts and corporate social responsibility and be able to evaluate business problems from multiple ethical perspectives.
3. Graduates will be able to identify and structure business problems and propose actionable solutions to business problems and, when applicable, utilizing appropriate technology.
4. Graduates will be able to demonstrate effective written communication in the discipline of economics.
5. Graduates will be able to understand how cultures, politics, laws, ethics, and economies influence and impacts business and use tools and concepts to analyze and formulate an international business strategy.
6. Graduates will be able to engage in quantitative reasoning, specifically:
   a. Analyze and interpret empirical evidence to evaluate economic arguments
   b. Analyze and evaluate policies based on economic principles

#### Major Elective Courses

Select five of the following: 15

- ECON 3790 Economies of Latin America
- ECON 4080 Industrial Organization and Public Policy
- ECON 4120 Law and Economics
- ECON 4160 History of Economic Analysis
- ECON 4200 Money and Banking
- ECON 4300 International Trade
- ECON 4310 Exchange Rates and Global Economics
- ECON 4450 Economics of Int’l Migration
- ECON 4500 Sports Economics
- ECON 4560 Economic Development
- ECON 4600 Public Finance
- ECON 4650 Public Choice and Political Economy
- ECON 4700 Health Economics
- ECON 4770 Advanced Econometrics

#### General Electives

51-55

#### Total Credits

120

### Continuation Standards

Economics students must maintain a minimum 2.00 GPA in all economics courses used to fulfill major requirements.

### Graduation Requirements

- Complete a minimum of 120 credits (excluding pre-college level courses numbered below 1000).
- Complete the University Undergraduate Core curriculum requirements.
- Complete major requirements: minimum 30 credits required.
- Complete remaining credits with a second major, minor, certificate and/or electives to reach the minimum of 120 credits required for graduation.
- Achieve at least a 2.00 cumulative grade point average, a 2.00 grade point average in the major(s) and a 2.00 grade point average in the minor/certificate, or related elective credits.
- Complete department/program-specific academic and performance requirements.
- Complete at least 50% of the coursework for the major and 75% for the minor/certificate through Saint Louis University or an approved study abroad program.
- Complete 30 of the final 36 credits through Saint Louis University or an approved study abroad program.
- Complete an online degree application by the required University deadline.

### Roadmap

Roadmaps are recommended semester-by-semester plans of study for programs and assume full-time enrollment unless otherwise noted.

Courses and milestones designated as critical (marked with !) must be completed in the semester listed to ensure a timely graduation. Transfer credit may change the roadmap.

This roadmap should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor/mentor each semester. Requirements, course availability and sequencing are subject to change.
