

# FINANCE, B.S.

The field of finance encompasses three closely related perspectives: how businesses raise and invest capital, how individuals allocate their savings among different investment alternatives and how markets function to equate the demand for capital by firms and the supply of capital by investors. Saint Louis University's nationally-ranked finance program prepares students for successful careers in a dynamic global economy.

SLU students can choose from three specialized concentrations:

- Financial Analysis – Prepares students for careers in investment research and asset management and success on the CFA exam.
- Real Estate Finance – Focuses on real estate investment, development, and lending.
- Financial Planning – Equips students with skills in personal finance, wealth management, and retirement planning.

The SLU finance faculty are extremely dedicated to ensuring that students achieve their goals and find success post-graduation. The Applied Portfolio Management course provided me with hands-on experience as an equity research analyst and the technical skills necessary to thrive in my current position as a fixed income analyst." – Claire Nieder, Class of 2022

## CFA Institute University Affiliation Program

This initiative is a relationship between the Chartered Financial Analyst (CFA) Institute and select colleges and universities worldwide that have embedded a significant percentage (70%) of the CFA Program Candidate Body of Knowledge into their degree programs. Less than 300 finance programs in the U.S. are CFA University Affiliated Programs.

Additionally, affiliated institutions have committed to covering CFA Institute's ethical and professional standards in these degree programs. Recognition as a CFA University Affiliate signals to potential students, current students and the marketplace that the university curriculum is closely tied to professional practice and is well suited to preparing students to sit for the CFA exams.

## Curriculum Overview

Students majoring in finance at the Chaifetz School of Business gain professional finance knowledge and develop strong critical-thinking, communication, problem-solving, decision-making and data analysis skills for success in today's environment.

Students monitor and analyze real-time financial data with industry-standard Bloomberg terminals in the state-of-the-art Edward Jones Data Analytics Lab. As part of their major coursework, finance majors utilize Bloomberg Market Concepts learning modules available on the Bloomberg terminals and achieve certification at no additional charge. Select senior-level students can gain additional hands-on experience in evaluating common stocks as investments and the fiduciary management of investment assets through the management of \$3+ million in University endowment funds through the innovative Applied Portfolio Management course. APM students also receive one-on-one mentoring from industry practitioners as part of this experiential learning opportunity.

## Internships and Student Organizations

St. Louis' metropolitan location provides many year-round internship opportunities, which allow students to gain practical, career-related work experience while applying classroom experiences to practice. Most internships are paid, and students may opt to complete one for academic credit. Finance students from the Class of 2024 interned with:

- Investment firms like Kennedy Capital, NISA Investment Advisors and Stifel
- Financial institutions
- Consulting firms
- Fortune 500 companies like Boeing, Centene and Wells Fargo
- Nonprofits
- Regulatory agencies

## Careers

Potential career opportunities include:

- Financial analyst, portfolio manager, private equity associate
- Real estate investment analyst, commercial mortgage broker, real estate lender
- Financial planner, wealth management advisor
- Commercial loan officer, treasury analyst
- Blockchain and cryptocurrency analyst, fintech specialist

SLU graduates have been highly successful on the Series 7 exam and on other professional exams that are necessary for specific career paths in finance. In a survey of SLU's class of 2024 finance graduates, 94% reported they were either employed or attending graduate school within six months of graduation. Graduates join a global network of nearly 20,000 alumni from the Richard A. Chaifetz School of Business.

## Admission Requirements

Begin Your Application (<https://www.slu.edu/apply.php>)

Saint Louis University also accepts the Common Application.

### Freshman

All applications are thoroughly reviewed with the highest degree of individual care and consideration to all credentials that are submitted. Solid academic performance in college preparatory coursework is a primary criterion in reviewing a freshman applicant's file.

To be considered for admission to any Saint Louis University undergraduate program, the applicant must be graduating from an accredited high school, have an acceptable HiSET exam score or take the General Education Development (GED) test.

### Transfer

Applicants must be graduates of an accredited high school or have an acceptable score on the GED or HiSET.

An official high school transcript and official test scores are required only of those students who have attempted fewer than 24 transferable semester credits (or 30 quarter credits) of college credit. Those having completed 24 credits or more of college credit need only submit a transcript from previously attended college(s).

Transfer students must have a cumulative 2.70 GPA to be admitted to the accounting program and a 2.50 GPA for all other majors. In reviewing

a transfer applicant's file, the Office of Admission holistically examines the student's academic performance in college-level coursework as an indicator of the student's ability to meet the academic rigors of Saint Louis University.

## International Applicants

All admission policies and requirements for domestic students apply to international students, along with the following:

- You must demonstrate English Language proficiency (<https://catalog.slu.edu/academic-policies/office-admission/undergraduate/english-language-proficiency/>).
- All academic records must include an English translation. An official course-by-course transcript evaluation may be required and accepted.

## Tuition

Tuition	Cost Per Year
Undergraduate Tuition	\$56,960

Additional charges may apply. Other resources are listed below:

Net Price Calculator (<https://www.slu.edu/financial-aid/tuition-and-costs/calculator.php>)

Information on Tuition and Fees (<https://catalog.slu.edu/academic-policies/student-financial-services/tuition/>)

Miscellaneous Fees (<https://catalog.slu.edu/academic-policies/student-financial-services/fees/>)

Information on Summer Tuition (<https://catalog.slu.edu/academic-policies/student-financial-services/tuition-summer/>)

## Scholarships and Financial Aid

There are two principal ways to help finance a Saint Louis University education:

- Scholarships:** Scholarships are awarded based on academic achievement, service, leadership and financial need.
- Financial Aid:** Financial aid is provided through grants and loans, some of which require repayment.

Saint Louis University makes every effort to keep our education affordable. In fiscal year 2023, 99% of first-time freshmen and 92% of all students received financial aid (<https://www.slu.edu/financial-aid/>) and students received more than \$459 million in aid University-wide.

For priority consideration for merit-based scholarships, apply for admission by December 1 and complete a Free Application for Federal Student Aid (FAFSA) by February 1.

For more information on scholarships and financial aid, visit the Office of Student Financial Services (<https://www.slu.edu/financial-aid/>).

## Accreditation

The Richard A. Chaifetz School of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB), the world's largest business education alliance and accrediting body of business schools, ensuring continuous quality improvement in terms of curriculum, instructional resources, student selection, career placement and intellectual contributions and qualifications of the faculty.

Approximately 5% of business schools worldwide have achieved AACSB accreditation.

## Learning Outcomes

- Graduates will be able to understand essential business concepts and how the various functional areas of business are related.
- Graduates will be able to demonstrate knowledge of ethical concepts and corporate social responsibility and be able to evaluate business problems from multiple ethical perspectives.
- Graduates will be able to identify and structure business problems, propose actionable solutions to business problems and, when applicable, utilize appropriate technology.
- Graduates will be able to demonstrate effective written communication.
- Graduates will be able to understand how cultures, politics, laws, ethics and economics influence and impact business and use tools and concepts to analyze and formulate an international business strategy.
- Graduates will be able to gather data and perform the analysis needed to value any real or financial asset.
- Graduates will be able to understand the value of, and tools and techniques for, implementing risk-management strategies.

## Requirements

Eighteen to twenty-one credits in addition to FIN 3010 Principles of Finance (3 cr), which is taken as a business Common Body of Knowledge (CBK) requirement, are required.

Code	Title	Credits

<b>GENERAL ELECTIVES</b>	<b>18-21</b>
<b>Total Credits</b>	<b>120-123</b>

### Continuation Standards

Finance students must maintain a 2.00 cumulative grade point average (GPA) in all courses used to fulfill the major-specific course requirements.

Students will be on program probation if their GPA in major-specific courses used to fulfill major requirements falls below a 2.00. Students will have one semester to increase their major-specific cumulative GPA to a 2.00; if not, students will not be allowed to register for 3000- or 4000-level major-specific courses.

Students will be automatically placed on University probation if any of the following occur:

- Their Saint Louis University cumulative grade point average falls below 2.00
- Their Saint Louis University semester grade point average is below a 1.00
- More than two "incomplete" or two "in-progress" grades on their academic transcript

During the probationary period, advisors help students achieve academic success by closely monitoring their academic performance.

In order to improve scholastically and demonstrate their ability to make progress toward a degree, students on probation may not register for more than 12 credits in the fall and spring semesters, three credits in the winter term, and no more than one course/four credits in any single summer session term.

The conditions under which a student is dismissed from the school include:

1. Inability to eliminate probationary status within the two semesters subsequent to the assignment of probation *or*
2. A grade point average deficit of more than 15 points.

For more information, see University Academic Policies and Procedures (<https://catalog.slu.edu/academic-policies/academic-policies-procedures/>).

### Financial Analysis Concentration

Code	Title	Credits

### Roadmap

Roadmaps are recommended semester-by-semester plans of study for programs and assume full-time enrollment unless otherwise noted.

Courses and milestones designated as critical (marked with !) must be completed in the semester listed to ensure a timely graduation. Transfer credit may change the roadmap.

This roadmap should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor/mentor each semester. Requirements, course availability and sequencing are subject to change.

## 2+SLU

2+SLU programs provide a guided pathway for students transferring from a partner institution.
