

SPORTS BUSINESS, B.S.

The sports industry generates hundreds of billions of dollars each year. Major sports teams, universities, and recreational leagues employ women and men educated in sports business to conduct daily business operations.

Entire operational teams work behind the scenes of any sport. These operational teams include front-office management and operations, sports marketing and communication, licensing and representation, sponsorship development, the media and more. In addition, there are sports-related positions with other types of organizations, such as sports marketing for a corporation. A degree in sports business provides sports-minded students with a head for business opportunities for careers in many fields.

At Saint Louis University's Richard A. Chaifetz School of Business (<https://www.slu.edu/business>), students may choose to pursue a Bachelor of Science in sports business or a minor in sports business in addition to their chosen major.

Curriculum Overview

SLU's sports business major is interdisciplinary and includes courses from management, marketing, economics and IT management. This mix of courses gives students majoring in sports business the skills needed for careers in the fields of college and amateur athletics, facility and event management, professional teams and leagues, sport merchandising, leisure and fitness and sports media.

Internships/Student Organizations

Students pursuing a degree in sports business are strongly encouraged to complete a sports business internship. Internship opportunities include the St. Louis Cardinals, St. Louis Blues, Gateway Grizzlies, Gateway Motorsports Park, Saint Louis University's Athletics Department and many more. Saint Louis' urban location provides many internship opportunities that allow students to gain career-related work experience while applying classroom experiences to practice. Most are paid, and students may earn academic credit.

The Department of Management in SLU's Richard A. Chaifetz School of Business supports the Sports Business Association student organization, which provides students with the opportunity to learn about the different career paths in sports business as well as the opportunity to network with professionals from the area.

Students also have the opportunity to work on projects for sports teams, giving them valuable experience in the sports business area.

Careers

Graduates from SLU's sports business program join a global network of nearly 20,000 alumni from the Richard A. Chaifetz School of Business. Recent alumni work in a variety of fields, including:

- Sports manager
- Sports marketing
- Sports agent
- Stadium manager
- Sports finance/accounting

Admission Requirements

Freshman

Begin your application for this program at www.slu.edu/apply. Saint Louis University also accepts the Common App.

All applications are thoroughly and carefully reviewed. Solid academic performance in college preparatory course work is a primary criterion in reviewing a freshman applicant's file. College admission test scores (ACT or SAT) are used as an additional indicator of the student's ability to meet the University's academic requirements and to qualify the student for certain University scholarship programs. To be considered for admission to any Saint Louis University undergraduate program, the applicant must be approaching graduation from an accredited high school or have an acceptable score on the General Education Development (GED) test.

Transfer

Begin your application for this program at www.slu.edu/apply.

Applicants must be a graduate of an accredited high school or have an acceptable score on the GED. An official high school transcript and official test scores are required only of those students who have attempted fewer than 24 transferable semester credits (or 30 quarter credits) of college credit. Those having completed 24 credits or more of college credit need only submit a transcript from previously attended college(s).

Transfer students must have a cumulative 2.70 GPA to be admitted to the accounting program and a 2.50 GPA for all other majors. In reviewing a transfer applicant's file, the office of admission holistically examines the student's academic performance in college-level coursework as an indicator of the student's ability to meet the academic rigors of Saint Louis University.

International Applicants

Begin your application for this program at www.slu.edu/apply.

All admission policies and requirements for domestic students apply to international students along with the following:

- Demonstrate English Language Proficiency (<https://catalog.slu.edu/academic-policies/office-admission/undergraduate/english-language-proficiency>)
- Proof of financial support must include:
 - A letter of financial support from the person(s) or sponsoring agency funding the time at Saint Louis University
 - A letter from the sponsor's bank verifying that the funds are available and will be so for the duration of study at the University
- Academic records, in English translation, of students who have undertaken postsecondary studies outside the United States must include the courses taken and/or lectures attended, practical laboratory work, the maximum and minimum grades attainable, the grades earned or the results of all end-of-term examinations, and any honors or degrees received. WES and ECE transcripts are accepted.

Scholarships and Financial Aid

There are two principal ways to help finance a Saint Louis University education:

- Scholarships: awarded based on academic achievement, service, leadership and financial need.

- Financial Aid: provided in the form of grants and loans, some of which require repayment.

For priority consideration for merit-based scholarships, applicants should apply for admission by Dec. 1 and complete a Free Application for Federal Student Aid (FAFSA) by March 1.

For information on other scholarships and financial aid, visit the student financial services office online at <https://finaid.slu.edu>.

Accreditation

The Richard A. Chaifetz School of Business is accredited by AACSB, the Association to Advance Collegiate Schools of Business, the world's largest business education alliance and accrediting body of business schools, ensuring continuous quality improvement in terms of curriculum, instructional resources, student selection, career placement and intellectual contributions and qualifications of the faculty. Less than 10% of business schools worldwide have achieved AACSB accreditation.

Learning Outcomes

1. Graduates will be able to understand essential business concepts and how the various functional areas of business are related.

6. Graduates will be able to demonstrate the ability to work effectively in teams.
7. Graduates will be able to assess and develop both organizational and career networks

Requirements

Eighteen credits in addition to MGT 3000 Management Theory and Practice (3 cr) and MKT 3000 Introduction to Marketing Management (3 cr), which are taken as business CBK requirements, are required.

A course may not be used to fulfill requirements in two majors/minors, i.e. MKT 3500 Sports Marketing (3 cr) may be used in either the sports business major/minor or the marketing major/minor, but not both.

† In addition to completing lower and upper division coursework in all areas of business, each student typically selects a business major before or during the first semester of the junior year. Required credits vary between 15-21 credits and are determined by the appropriate department. To broaden their expertise, students may complete more than one major in business, or a major and a minor in business. However, where courses overlap between two business majors, the course may be counted only once and credited to one functional area, i.e. Sports Marketing may be used in either the Marketing major or the Sports Business major but not both.

‡ Electives may be selected from any area of study within the University, giving the student the opportunity to diversify his/her background.

Continuation Standards

Sports business students must maintain a 2.00 cumulative grade point average (GPA) in all courses used to fulfill the major.

Students will be on program probation if the GPA in major courses used to fulfill major requirements falls below a 2.00. Students will have one semester to increase their major or minor cumulative GPA to a 2.00; if not, students will not be allowed to register for 3000 or 4000 level major courses.

Students whose cumulative grade point average falls below 2.00 are required to apply for probationary status, which allows for no more than two consecutive semesters to improve scholastically and to demonstrate the ability to make progress toward a degree.

During the probationary period, advisors help students achieve academic success by closely monitoring their academic performance. Students on probation may *not* register for more than 15 credits of coursework as defined by the terms of the probation.

The conditions under which a student is dismissed from the school include:

1. inability to eliminate probationary status within the two semesters subsequent to the assignment of probation *or*
2. a total grade point deficit of more than 15 points.
