ANALYTICS AND ENTERPRISE SYSTEMS, B.S.

Today’s companies use enterprise resource planning software to integrate all business functions within an organization. This software-based major emphasizes both business analytics and enterprise resource planning to provide students a unique and in-demand learning experience that prepares them for meaningful careers.

Because of industry’s strong demand for graduates with knowledge in analytics and enterprise resource planning (ERP), a bachelor’s degree in analytics and enterprise systems from Saint Louis University will enhance the market value of graduates holding a business degree. The integrated nature of this major can make it rewarding to students interested in a career in analytics, ERP or both areas.

Organizations are looking for IT graduates with knowledge of IT tools related to analytics and ERP. Students pursuing this major may also earn an SAP (Systems Applications Products) certification. As a member of the SAP University Alliance, the Chaifetz School of Business (https://www.slu.edu/business) is the only business school in the St. Louis area to offer SAP certification, allowing the school to provide students hands-on experience with SAP software and students to put classroom theory into practice.

Students may choose to pursue a minor in business analytics in addition to their chosen major.

Curriculum Overview

Students who major in analytics and enterprise systems at SLU will learn to collect, organize and analyze data generated by business activities, including purchasing, marketing, manufacturing and distribution.

In addition to fulfilling the requirements for the Bachelor of Science, students complete 18 credits in information technology management courses, 3000 level or above.

Internships/Student Organizations

Saint Louis’ urban location provides many business internship opportunities, which allow students to gain career-related work experience while applying classroom experiences to practice. Most internships are paid, and students may earn academic credit.

TechInterns, a special internship program, is a student-managed internship program at Saint Louis University. TechInterns provides an opportunity for students to work in a variety of tech support roles throughout the University while receiving ongoing training in personal and professional development. 

Careers

Graduates with degrees in analytics and enterprise systems join a global network of nearly 20,000 alumni from the Richard A. Chaifetz School of Business. Students who graduate with a major in analytics and enterprise systems have a strong set of skills in problem-solving, information utilization and business communication. Possible career paths include:

- Systems analysts
- Software engineers
- Systems designers
- System support specialists
- Database administrators
- Network administrators
- Web developers

Admission Requirements

Freshman

Begin your application for this program at www.slu.edu/apply. Saint Louis University also accepts the Common App.

All applications are thoroughly and carefully reviewed. Solid academic performance in college preparatory course work is a primary criterion in reviewing a freshman applicant’s file. College admission test scores (ACT or SAT) are used as an additional indicator of the student’s ability to meet the University’s academic requirements and to qualify the student for certain University scholarship programs. To be considered for admission to any Saint Louis University undergraduate program, the applicant must be approaching graduation from an accredited high school or have an acceptable score on the General Education Development (GED) test.

Transfer

Begin your application for this program at www.slu.edu/apply.

Applicants must be a graduate of an accredited high school or have an acceptable score on the GED. An official high school transcript and official test scores are required only of those students who have attempted fewer than 24 transferable semester credits (or 30 quarter credits) of college credit. Those having completed 24 credits or more of college credit need only submit a transcript from previously attended college(s).

Transfer students must have a cumulative 2.70 GPA to be admitted to the accounting program and a 2.50 GPA for all other majors. In reviewing a transfer applicant’s file, the office of admission holistically examines the student’s academic performance in college-level coursework as an indicator of the student’s ability to meet the academic rigors of Saint Louis University.

International Applicants

Begin your application for this program at www.slu.edu/apply.

All admission policies and requirements for domestic students apply to international students along with the following:

- Demonstrate English Language Proficiency (https://catalog.slu.edu/academic-policies/office-admission/undergraduate/english-language-proficiency)
- Proof of financial support must include:
  - A letter of financial support from the person(s) or sponsoring agency funding the time at Saint Louis University
  - A letter from the sponsor’s bank verifying that the funds are available and will be so for the duration of study at the University
- Academic records, in English translation, of students who have undertaken postsecondary studies outside the United States must include the courses taken and/or lectures attended, practical laboratory work, the maximum and minimum grades attainable, the grades earned or the results of all end-of-term examinations, and any honors or degrees received. WES and ECE transcripts are accepted.
Scholarships and Financial Aid

There are two principal ways to help finance a Saint Louis University education:

- Scholarships: awarded based on academic achievement, service, leadership and financial need.
- Financial Aid: provided in the form of grants and loans, some of which require repayment.

For priority consideration for merit-based scholarships, applicants should apply for admission by Dec. 1 and complete a Free Application for Federal Student Aid (FAFSA) by March 1.

For information on other scholarships and financial aid, visit the student financial services office online at https://finaid.slu.edu.

Accreditation

The Richard A. Chaifetz School of Business is accredited by AACSB, the Association to Advance Collegiate Schools of Business, the world’s largest business education alliance and accrediting body of business schools, ensuring continuous quality improvement in terms of curriculum, instructional resources, student selection, career placement and intellectual contributions and qualifications of the faculty. Less than 10% of business schools worldwide have achieved AACSB accreditation.

Total Credits 120

* In addition to completing lower and upper division coursework in all areas of business, each student typically selects a business major before or during the first semester of the junior year. Required credits vary between 15-21 credits and are determined by the appropriate department. To broaden their expertise, students may complete more than one major in business, or a major and a minor in business. However, where courses overlap between two business majors, the course may be counted only once and credited to one functional area, i.e. Sports Marketing may be used in either the Marketing major or the Sports Business major but not both.

† Electives may be selected from any area of study within the University, giving the student the opportunity to diversify his/her background.

Continuation Standards

Analytics and Enterprise System students must maintain a 2.0 cumulative GPA in all courses used to fulfill the major.

Students will be on program probation if the GPA in major courses used to fulfill major requirements falls below a 2.00. Students will have one semester to increase their major or minor cumulative GPA to a 2.00; if not, students will not be allowed to register for 3000 or 4000 level major courses.

Students whose cumulative grade point average falls below 2.00 are required to apply for probationary status, which allows for no more than two consecutive semesters to improve scholastically and to demonstrate the ability to make progress toward a degree.

During the probationary period, advisors help students achieve academic success by closely monitoring their academic performance. Students on probation may not register for more than 15 credits of coursework as defined by the terms of the probation.

The conditions under which a student is dismissed from the school include:

1. inability to eliminate probationary status within the two semesters subsequent to the assignment of probation
2. a total grade point deficit of more than 15 points.

For more information, see section under University Academic Policies and Procedures.

One additional Math or Natural Science course 5 3

PHIL 1050 Introduction to Philosophy: Self and Reality 3

PHIL 2050 Ethics 3

THEO 1000 Theological Foundations 3

THEO 2xxx Theology course 3

Total Credits 48

2 Must be completed by the end of the sophomore year in order to enroll in business courses junior year. MATH 1510 Calculus I (4 cr) or higher-level calculus course may be substituted for MATH 1320 Survey of Calculus (3 cr).

3 Upper division foreign language may be substituted; however, students for whom English is a second language may not complete this requirement in their native language.

4 Students who place out of MATH 1200 College Algebra (0.3 cr) (based on a Math Index score) must replace it with another approved math course.

5 MATH course must be approved.

Graduation Requirements

To be certified for graduation, a student must complete all course requirements and meet all of the following conditions:

- apply to graduate;
- earn a minimum 2.00 cumulative GPA in all SLU coursework;
- Accounting students must earn a minimum 2.70 cumulative grade point average (GPA) in all SLU coursework and earn grades of "C" or higher in all courses that fulfill the major requirements; for all other majors, students must earn a minimum 2.00 cumulative GPA in all major courses that fulfill the major requirements;
- earn a minimum 2.00 cumulative GPA in all business coursework taken at Saint Louis University;
- complete the Arts and Sciences core as specified in the business school curriculum;
- complete 30 of the final 36 credits at the St. Louis campus or an approved Study Abroad program;*
- complete at least 50% of business coursework in residence at the St. Louis campus;*
- complete major course requirements in residence at the St. Louis campus;*

* Students may pursue the International Business or Economics majors at the St. Louis campus and/or at the Madrid campus. The residency requirement then applies to courses taken at either campus.

Roadmap

Roadmaps are recommended semester-by-semester plans of study for programs and assume full-time enrollment unless otherwise noted.

Courses and milestones designated as critical (marked with !) must be completed in the semester listed to ensure a timely graduation. Transfer credit may change the roadmap.

This roadmap should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor/mentor each semester. Requirements, course availability and sequencing are subject to change.

### Year One

#### Fall
- **BIZ 1000/1002**: Business Foundations
- **ENGL 1900**: Advanced Strategies Of Rhetoric and Research
- **Arts & Sciences Core**: 3
- **Arts & Sciences Core**: 3
- **Arts & Sciences Core**: 3

#### Spring
- **MATH 1320** or **MATH 1510**: Survey of Calculus
- **ECON 1900**: Principles of Economics
- **OPM 2070**: Introduction to Business Statistics
- **CMM 1200**: Public Speaking
- **Arts & Sciences Core**: 3

#### Credits: 16

### Year Two

#### Fall
- **ACCT 2200**: Financial Accounting
- **ITM 2000**: Information Technology with Supply Chains
- **IB 2000**: Introduction to International Business
- **Arts & Sciences Core**: 3
- **Arts & Sciences Core**: 3

#### Spring
- **ACCT 2220**: Accounting for Decision Making
- **BIZ 3000**: Career Foundations
- **MGT 2000**: Legal Environment of Business I
- **ECON 3120** or **ECON 3140**: Intermediate Macroeconomics
- **ITM 3700**: Business Analytics (Major)
- **Arts & Sciences Core**: 3

#### Credits: 15

### Year Three

#### Fall
- **ITM 3300**: Database Management Systems (Major)
- **ITM 3900**: Applied Enterprise Systems Implementation (Major)
- **ECON 3120** or **ECON 3140**: Intermediate Macroeconomics
- **FIN 3010**: Principles of Finance
- **Arts & Sciences Core**: 3

#### Spring
- **ITM 4700**: Business Data Mining (Major)
- **MKT 3000**: Introduction to Marketing Management
- **OPM 3050**: Introduction to Management Science and Operations Management
- **Arts & Sciences Core**: 3
- **Arts & Sciences Core**: 3

#### Credits: 16

### Year Four

#### Fall
- **ITM 4900**: Enterprise Systems Practicum (Major)
- **MGT 3000**: Management Theory and Practice
- **Arts & Sciences Core**: 3
- **Arts & Sciences Core**: 3

#### Credits: 15

---

1. Must have completed by end of sophomore year
2. See list of A&S core required for business students
3. Must take 2nd semester sophomore year unless studying abroad
4. See list of major electives
5. Must have completed all other Business Common Body of Knowledge courses
