SUPPLY CHAIN MANAGEMENT, POST-BACCALAUREATE CERTIFICATE

Saint Louis University's post-baccalaureate certificate in supply chain management at the Richard A. Chaifetz School of Business (https://www.slu.edu/business/) provides a focused, high-impact introduction to one of today's most critical and in-demand areas of business. Supply chains are more than logistics — they are complex, global systems that connect demand, production and delivery through data, technology and strategic decision-making. This certificate equips students with an understanding of the fundamental processes that drive efficiency, resilience, and profitable growth across these networks

Consisting of nine credits of advanced graduate coursework, the SLU certificate also serves as a strong pathway for continued study. Students who wish to deepen their expertise may seamlessly transition into Saint Louis University's M.S. in supply chain management (https://catalog.slu.edu/colleges-schools/business/operations-information-technology-management/supply-chain-management-ms-scm/) program, building on the same foundation of applied, data-informed decision-making and global perspective.

Admission Requirements

The Chaifetz School uses a holistic admissions approach to carefully evaluate all applicants, considering every aspect of their application. While an undergraduate degree is required for admission, a business background is not. Applicants may be required to submit their:

- Completed online application (https://gradapply.slu.edu/apply/)
- Transcript(s) from all previously attended institutions
- 1-2 letters of recommendation
- Résumé/CV

Applications are reviewed on a rolling basis once all application materials are received. The average time for admissions decisions is two weeks.

International students are not eligible for standalone post-baccalaureate certificates, as an I-20 cannot be issued for certificate programs alone. However, students enrolled in the Professional MBA (https://www.slu.edu/business/graduate/professional-mba/) program may earn a post-baccalaureate certificates as part of their degree.
