

SUPPLY CHAIN MANAGEMENT, POST- BACCALAUREATE CERTIFICATE

Saint Louis University's post-baccalaureate certificate in supply chain management at the Richard A. Chaifetz School of Business (<https://www.slu.edu/business/>) provides a comprehensive overview of an in-demand area of business and offers students an opportunity to learn the key processes that drive profitable business growth.

A certificate in supply chain management pairs well with a wide variety of business degrees and is a significant asset to current professionals looking to improve their technical understanding of the field. Students looking to further their education after completion of the certificate program of study have the option to pursue the Chaifetz School's M.S. in Supply Chain Management (<https://catalog.slu.edu/colleges-schools/business/operations-information-technology-management/supply-chain-management-ms-scm/>). The certificate consists of 12 credits of advanced graduate courses in supply chain management.
