

NURSING, M.S. (NURSE PRACTITIONER)

If you are already a registered nurse, the Saint Louis University Trudy Busch Valentine School of Nursing's online Master of Science in Nursing-Nurse Practitioner (M.S.N.-NP) degree can train you to become a nurse practitioner. The M.S.N.-NP degree from SLU prepares you to meet the health care needs of our nation.

You will be prepared to become advanced-practice registered nurses (APRNs) who can assess, diagnose, treat and educate. We offer nurse practitioner specialties in adult/gerontological acute care, family, pediatric primary care and family psychiatric/mental health.

The online M.S.N.-NP degree program at SLU offers the flexibility and support that working RNs require and can be specialized to your interest. Once accepted into this program, our students meet with their faculty advisor to create an individualized full- or part-time curriculum plan suitable for their personal and professional schedules.

If you plan to teach, you can take three additional courses focusing on theory and practicum experience in nursing education. If you'd like to also apply for the National League for Nursing Nurse Educator certificate, you will take an additional three-credit education course. Post-master's certificate programs are available in all specialty areas.

Our M.S.N.-NP program is highly respected across academic and professional nursing institutions. U.S. News and World Report consistently ranks our M.S.N.-NP program as a top program in its Best Graduate Programs survey.

Program Highlights

The M.S.N.-NP degree program is accredited by the Commission on Collegiate Nursing Education (CCNE) and offers:

- Full- and part-time curriculum plans
- Many specialty areas and role options
- Options to emphasize research in any specialty area
- Responsive faculty who are nationally recognized for teaching excellence, nursing leadership, scholarly research and student mentorship
- Faculty advisors who are individually assigned to mentor each student throughout the program
- An online library
- An online writing center
- State-of-the-art teaching facilities

Curriculum Overview

SLU offers five concentrations in the Master of Science in Nursing program completely online.¹

¹ One campus visit is required. The visit occurs during the second clinical management course. This visit is to evaluate your progress and to teach skills not acquired through online learning, such as suturing and office procedures.

Adult/Gerontological Acute Care Nurse Practitioner Concentration

If you choose the adult/gerontological acute care nurse practitioner program, you will learn to use complex monitoring and invasive therapies, high-intensity interventions, and continuous vigilance within the range of high-acuity care to help meet the specialized physiological and psychological needs of adults of all ages, including the frail elderly.

Adult/gerontological acute care nurse practitioners work in emergency departments, tertiary care settings, intensive care units, trauma centers and specialty medicine areas treating patients with acute, critical and chronic illnesses and those with disabilities or injuries. Graduates are eligible for national certification through the American Nurses Credentialing Center and/or the American Association of Critical-Care Nurses.

Family Nurse Practitioner Concentration

Saint Louis University Trudy Busch Valentine School of Nursing's family nurse practitioner program prepares you to provide primary health care to patients of all ages. You will help prevent disease, assess and manage acute and chronic health problems, and consult and refer patients within the health care system. The family nurse practitioner program emphasizes quality relationships with patients, families, and communities, and the education and coordination of services aimed at specific health outcomes.

Family nurse practitioners, also known as FNPs, work in various settings and are well-suited to rural populations, where specialty care may not always be available. Graduates are eligible for national certification from the American Nurses Credentialing Center and/or the American Academy of Nurse Practitioners Certification Program.

Pediatric Primary Care Nurse Practitioner Concentration

If you choose the pediatric primary care nurse practitioner program, you will be prepared to provide care to patients from birth through 21 years of age. Pediatric primary care nurse practitioners, also known as PNP's, focus on health promotion, disease prevention, and management of acute and chronic conditions in pediatric offices and schools, communities, urgent cares, and specialty settings. Graduates are eligible for national certification from the Pediatric Nursing Certification Board.

Family Psychiatric-Mental Health Nurse Practitioner Concentration

If you pursue the family psychiatric-mental health nurse practitioner program, you will work with children, adolescents, and adults of all ages with acute and/or complex mental health needs, or psychiatric diagnoses. The family psychiatric-mental health nurse practitioner program encourages evidence-based, culturally sensitive, recovery-oriented, and holistic care.

You will be prepared to apply the nursing process and medical/medication management to promote optimal mental health while engaging in ongoing collaboration with clients, their families, significant others, and the inter-professional team. Graduates are eligible for national certification through the American Nurses Credentialing Center.

Careers

According to a U.S. News & World Report ranking, the median salary of nurse practitioners in 2022 was \$120,680. The best-paid 25% of nurse practitioners made \$129,680 that year; the lowest-paid 25% made \$99,540. The Bureau of Labor Statistics projects 52.2% employment

growth for nurse practitioners between 2020 and 2030. In that period, an estimated 114,900 jobs are projected to open up in the profession.

Admission Requirements

The Trudy Busch Valentine School of Nursing adheres to the principles of a holistic admission process in which selection criteria are broad-based and linked to our University's and school's mission and goals. While we do consider academic metrics, we also look at applicant experiences, attributes, potential for success, and how applicants may contribute to the school's learning environment and to the profession.

Licensure Disclosure

The curriculum for this program meets the educational requirements for licensure as an Advanced Practice Registered Nurse (APRN) in the State of Missouri. Note that the Missouri Board of Nursing may impose additional requirements on candidates prior to granting a license; we encourage you to investigate these requirements.

The School of Nursing has not determined whether the curriculum for this program meets the educational requirements for nursing licensure in any other states or territories. However, graduates of our APRN programs are eligible to sit for National Board Certification Exams in all states and territories. We encourage you to investigate the requirements in your state or territory before accepting an offer of admission from SLU.

SLU accepts applications to the Doctor of Nursing Practice (DNP) and Master's of Science in Nursing-Nurse Practitioner (MSN-NP) programs from students living in the following states: Alabama, Alaska, Arizona, Arkansas, California, Colorado, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, North Carolina, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia and Wisconsin.

Depending on the state, clinical fees may be required.

Applicant Criteria

- A baccalaureate degree in nursing from a program accredited by a nationally recognized accrediting agency.
- A cumulative grade point average of 3.0 on a 4.0 scale.
- An unencumbered registered nurse license in the state in which clinical experience will be done. You must have a registered nurse license at the time of application.
- Current CPR certification from the American Heart Association and a negative drug screening are required after acceptance into the M.S.N. program.
- Completion of a beginning-level health assessment course or the equivalent thereof prior to enrollment in "Advanced Health Assessment."

Application Requirements

Applying for the M.S.N.-N.P. program requires careful planning to ensure that all admission requirements are met. You may experience a delay in processing if the application instructions are not followed exactly as listed.

Requirements for International Students

International students on F-1 or J-1 student visas are not eligible for admission to this nursing program due to the fact that the Master of Science in Nursing degree is offered completely online. For additional

information, contact the Office of International Services office at 314-977-2318.

Please follow the five steps outlined below to apply:

Step 1 - Application

Submit the application form and pay the associated fee through NursingCAS (<https://nursingcas.org/>). Select Saint Louis University.

Step 2 - Transcripts

Please submit your official transcripts from all colleges/universities attended directly to NursingCAS (<https://nursingcas.org/>). They will provide details when the application is initiated.

Step 3 - Resume or Curriculum Vitae

Attach your CV/résumé documenting your education, clinical nursing experience, and service to the nursing profession/community within the NursingCAS (<https://nursingcas.org/>) application.

Step 4 - Professional Goal Statement

Attach your professional goal statement within the NursingCAS (<https://nursingcas.org/>) application. The goal statement should outline your short- and long-term goals as a nurse practitioner and include an explanation of why you've decided on that path. The statement should be one-to-two pages and double-spaced.

Step 5 - RN License

Attach a copy of your unencumbered registered nurse license in the state in which clinical experience will be done within the NursingCAS (<https://nursingcas.org/>) application.

Application Deadlines

Admissions are rolling, with the following deadlines:

- Fall semester start: August 1
- Spring semester start: January 1

Review Process

Applications will be reviewed shortly after all application requirements have been submitted.

Tuition

Tuition	Cost Per Credit
Graduate Tuition	\$1,370

Additional charges may apply. Other resources are listed below:

Net Price Calculator (<https://www.slu.edu/financial-aid/tuition-and-costs/calculator.php>)

Information on Tuition and Fees (<https://catalog.slu.edu/academic-policies/student-financial-services/tuition/>)

Miscellaneous Fees (<https://catalog.slu.edu/academic-policies/student-financial-services/fees/>)

Information on Summer Tuition (<https://catalog.slu.edu/academic-policies/student-financial-services/tuition-summer/>)

Scholarships and Financial Aid

Financing for this program may be available through grants, scholarships, loans (federal and private) and institutional financing plans. For price

estimates, please review the SLU Cost Calculator (<https://www.slu.edu/financial-aid/tuition-and-costs/calculator.php>).

The Saint Louis University Trudy Busch Valentine School of Nursing offers scholarship and graduate research assistantship opportunities (<https://www.slu.edu/nursing/scholarships/>) to eligible graduate students. Additionally, most nursing students will participate in a tuition assistance program provided through their employer.

For more information, visit the student financial services office online at <https://www.slu.edu/financial-aid> (<https://www.slu.edu/financial-aid/>).

Accreditation

The Trudy Busch Valentine School of Nursing is fully approved by the Missouri State Board of Nursing.

The Bachelor of Science in Nursing, Master of Science in Nursing and Doctor of Nursing Practice at the Valentine School of Nursing are accredited by the Commission on Collegiate Nursing Education (<https://www.aacnnursing.org/CCNE/>) and approved by the Missouri State Board of Nursing (<https://www.pr.mo.gov/nursing.asp>). To achieve its educational objectives, the school uses the hospitals within SSM Health and many health care organizations in the greater St. Louis area.

Accreditation Note: Saint Louis University is approved by the Washington State Nursing Care Quality Assurance Commission to conduct practice experiences in the state of Washington for the a). MSN PCNP b). MSN FNP; c). DNP FNP; and d). post master's certificate FNP programs.

Learning Outcomes

1. Graduates will be able to implement collaborative strategies to provide ethical, high-quality, safe, cost-effective, patient-centered care.
2. Graduates will be able to use scholarly inquiry including evidence-based practice and research application to improve decision-making and health outcomes.
3. Graduates will be able to integrate advanced competencies, skills, theories, and cultural sensitivity in relationships with patients and professionals.
4. Graduates will be able to provide quality care to achieve measurable, effective patient outcomes across transitions and throughout the health-illness continuum.
5. Graduates will be able to facilitate the improvement of health care through leadership within health care systems and communities.
6. Graduates will be able to demonstrate competence for full practice authority in a specialized area as an advanced practice nurse.
7. Graduates will be able to utilize health care informatics and technologies to support and enhance practice.
8. Graduates will be able to analyze the social and structural determinants that influence policy development to improve population health and advance health equity
9. Graduates will be able to demonstrate commitment to lifelong learning, and exhibit integrity and professionalism as an advanced practice nurse in the clinical setting and within the inter-professional team.

Nurse Educator Option

Nurse educator courses provide an opportunity for coursework and practicum experience in nursing education. NURS 5560 Evidence-Based Approaches for the Nurse Educator (2 cr) may be added to earn the Nurse Educator Certificate.

Code	Title	Credits
NURS 5570	Curriculum Development in Nurse Education	2
NURS 5580	Instructional Strategies and Evaluation in Nurse Education	2
NURS 5590	Practicum in Nursing Education	2
Total Credits		6

Continuation Standards

Students must maintain a cumulative grade point average (GPA) of 3.00 in all graduate/professional courses.

Roadmap

Roadmaps are recommended semester-by-semester plans of study for programs and assume full-time enrollment unless otherwise noted.

Courses and milestones designated as critical (marked with !) must be completed in the semester listed to ensure a timely graduation. Transfer credit may change the roadmap.

This roadmap should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor/mentor each semester. Requirements, course availability and sequencing are subject to change.
