

HEALTH ADMINISTRATION, M.H.A. & BUSINESS ADMINISTRATION, M.B.A. DUAL DEGREE

Graduates of this Saint Louis University dual-degree program earn both a Master of Health Administration and a Master of Business Administration (M.H.A./MBA). The program provides students with general management expertise within dynamic health care environments. Graduates are prepared to hold diverse positions in health insurance, pharmaceuticals, or health care management consulting.

This program includes a study abroad component where students will study business cases, visit local businesses, and attend guest lectures. Scheduled between the fall and spring semesters, this seven-day trip allows students to gain valuable hands-on international business experience.

For additional information, see the catalog entries for the following programs:

- Business Administration, MBA (One-Year) (<https://catalog.slu.edu/colleges-schools/business/business-administration/business-administration-one-year-mba/>)
- Health Administration, M.H.A. (<https://catalog.slu.edu/colleges-schools/public-health-social-justice/graduate-programs/health-administration-mha/>)

Accreditation

The Richard A. Chaifetz School of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB), the world's largest business education alliance and accrediting body of business schools, ensuring continuous quality improvement in terms of curriculum, instructional resources, student selection, career placement and intellectual contributions and qualifications of the faculty. Approximately 5% of business schools worldwide have achieved AACSB accreditation.

The Master of Health Administration is accredited by the Commission on Accreditation of Healthcare Management Education.

Admission

Students must meet the admission requirements and be admitted into both degree programs according to the processes of each of the participating academic units to pursue a dual-degree program. Application to the individual programs should be made simultaneously; however, admission to the dual-degree program is contingent upon admission to both the M.H.A. and the MBA degree programs.

Requirements

The M.H.A./MBA dual-degree program is offered through a collaboration between the School for Public Health and Social Justice and the Richard A. Chaifetz School of Business. This integrated program requires completion of professional business school requirements and the fulfillment of a complete resident M.H.A. degree (60 credits), which includes 15 credits of coursework from the Richard A. Chaifetz School of Business MBA requirements. Dual degree students may elect to pursue

a concentration in the resident M.H.A. program; however, pursuing a concentration may increase the time to degree and/or increase the total number of credits required.

Continuation Standards

Students must maintain a cumulative grade point average (GPA) of 3.00 in all graduate/professional courses.

Roadmap

Roadmaps are recommended semester-by-semester plans of study for programs and assume full-time enrollment unless otherwise noted.

Courses and milestones designated as critical (marked with !) must be completed in the semester listed to ensure a timely graduation. Transfer credit may change the roadmap.

This roadmap should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor/mentor each semester. Requirements, course availability and sequencing are subject to change.
