PUBLIC HEALTH, M.S.

Saint Louis University’s Master of Science in Public Health degree program is designed for students with terminal degrees who seek training in population-based research methods to support their clinical research activities.

Curriculum Overview

SLU’s Master of Science in Public Health program requires 36 credits. Students complete a research project incorporating the principles of their chosen concentration that results in a manuscript of publishable quality.

Students may choose from the following concentrations in behavioral science and health education or epidemiology:

Epidemiology
This concentration includes core coursework in epidemiology and biostatistics, supplemented by a general course in public health.

Careers

SLU’s public health graduates are employed at federal, state and local health agencies; consulting firms; consumer advocacy organizations; community-based organizations and health care centers; hospitals; research centers; and universities.

Within the first year of graduation, 99%¹ of graduates from this program began their careers, were participating in fellowships or otherwise furthering their graduate education.

¹ According to survey responses from the Class of 2015.

Admission Requirements

A Ph.D., M.D., D.O., D.C., D.D.S. or D.V.M. from an accredited college or university.

Application Requirements

- Application form and fee
- Transcript(s)
- Three letters of recommendation
- GRE scores (waived for professionals who hold terminal degrees)
- Résumé
- Interview (for some degrees)
- Professional goal statement

Requirements for International Students

All admission policies and requirements for domestic students apply to international students along with the following:

- Demonstrate English Language Proficiency
- Proof of financial support must include:
  - A letter of financial support from the person(s) or sponsoring agency funding the time at Saint Louis University
  - A letter from the sponsor’s bank verifying that the funds are available and will be so for the duration of study at the University
- Academic records, in English translation, of students who have undertaken postsecondary studies outside the United States must include the courses taken and/or lectures attended, practical laboratory work, the maximum and minimum grades attainable, the grades earned or the results of all end-of-term examinations, and any honors or degrees received. WES and ECE transcripts are accepted.

Application Deadline

Applications are accepted on a rolling basis until classes are full.

Review Process

All applications are considered on an individual basis with a balanced and holistic approach. In addition to reviewing previous coursework, test scores and all other supporting application documents are considered.

Scholarships and Financial Aid

The College for Public Health and Social Justice offers several ways to help finance graduate education. Opportunities include a limited number of merit-based scholarships and graduate research assistantships. Awards are made to applicants with the highest combinations of GPAs and test scores who complete their applications by the priority deadlines.

For more information, visit the student financial services office online at http://finaid.slu.edu (http://finaid.slu.edu/).

Accreditation

The College for Public Health and Social Justice is fully accredited by the Council on Education for Public Health (CEPH).

Learning Outcomes

Epidemiology Concentration

1. Identify gaps in the literature and develop appropriate research theses.
2. Develop appropriate study designs and analytic strategies to test epidemiologic hypotheses.
3. Apply ethical principles in the conduct of research on human subjects.
4. Conduct and interpret descriptive and inferential statistics.
5. Communicate epidemiologic findings in scholarly oral and written formats.

### Continuation Standards

Students must maintain a cumulative grade point average (GPA) of 3.00 in all graduate/professional courses.

### Roadmap

Roadmaps are recommended semester-by-semester plans of study for programs and assume full-time enrollment unless otherwise noted.

Courses and milestones designated as critical (marked with †) must be completed in the semester listed to ensure a timely graduation. Transfer credit may change the roadmap.

This roadmap should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor/mentor each semester. Requirements, course availability and sequencing are subject to change.
