MASTER OF SOCIAL WORK PARTNERSHIPS

Saint Louis University offers our highly ranked Master of Social Work (M.S.W.) program at several partnering institutions of higher education. This online, on-campus hybrid model program prepares students in the Jesuit tradition to be advanced practitioners of social work, acting as agents of change to promote individual and societal well-being.

Approximately 60% of the course work will be online and the remaining 40%, including practicum planning and seminars, are taught on our partnering campus in person. All courses are taught by SLU faculty. Students have a local M.S.W. field faculty liaison to help them with practicum planning and mentoring while they work in the community as a social worker.

Students eligible for advanced standing can earn their degree in a minimum of 12 months. Foundation students complete the program in as little as two years. Students earn a master’s degree from SLU, a globally recognized leader in social work education. Ranked in the top 20% of programs by U.S. News & World Report, SLU is one of 27 Jesuit colleges and universities in the U.S.
