

APPLIED BEHAVIOR ANALYSIS, POST-MASTER'S CERTIFICATE

Saint Louis University's applied behavior analysis (ABA) certificate program involves the application of behavioral principles to produce socially significant changes in behavior. The curriculum includes seven 3-credit-hour courses, with the option to complete five 2- or 3-credit-hour practicum courses.

Applied behavior analysis (ABA) explores how and why human behavior occurs. ABA practitioners work in a variety of fields and use direct assessments, research, and foundational principles and concepts of behavior to design and evaluate interventions. SLU's ABA programs focus on providing students with a diverse set of experiences in the many applications of ABA while ensuring a focus on providing a safe and culturally humble space for students to develop their cultural humility so they can effectively work with a diverse client population.

Two things set SLU's Post-Master's Applied Behavior Analysis Certificate program apart from other programs. First, we are dedicated to creating a culturally humble environment where students will explore their own biases and develop the skills necessary to serve clients across all settings. Second, students complete their required fieldwork as part of the program, providing additional guidance and oversight as they practice their skills and ensuring they do not have to seek out fieldwork experiences on their own.

SLU's ABA program provides state-of-the-art in-person and online learning that prepares students for a successful career. The program has a strong focus on diversity, equity and inclusion to ensure students are prepared to provide the best services possible to a variety of clients across settings. Graduates of SLU's ABA program are well-positioned to apply to Ph.D. programs around the country in behavior analysis and other fields. Students who complete a thesis often gain opportunities to present their research at local and national conferences and gain publication in peer-reviewed journals.

Curriculum Overview

SLU's post-master's certificate program includes seven 3-credit-hour courses, an optional 3-credit-hour course, and five optional practica. Courses are offered either online or in person and students can select which format they would like to complete the certificate program.

The program requires 21 credits, as follows:

- Principles and Concepts in Behavior Analysis
- Measurement and Experimental Design
- Behavioral Assessment
- Behavior Change and Process
- Supervision and Organizational Behavior Management
- Philosophy of Behavioral Science
- Behavior Change and Ethics
- **Basic Behavior Analysis (optional course)

Applied Behavior Analysis Field and Research Opportunities

SLU's applied behavior analysis program offers students a practice-integrated education. Students who elect to complete the five practica courses as part of their coursework will complete 1,500 fieldwork hours, which meets the requirements set forth by the Behavior Analyst Certification Board® to sit for the BCBA® exam.

Careers in Applied Behavior Analysis

Alumni from this program have worked in a wide range of fields, including serving those diagnosed with autism and their families, adults with challenging behavior and developmental disabilities, job training sites, schools, health care agencies and more. They have also led state education initiatives and advocacy projects.

Those in ABA also practice in a variety of other fields, including:

- Sports, health and fitness
- Organizational behavior management
- Diversity, equity, inclusion and access
- Gerontology
- Criminal justice
- Mental health

Admission Requirements

Successful applicants should possess a master's degree from an accredited college or university.

It is recommended that students have taken prior coursework in applied behavior analysis or have independently studied ABA texts.

Requirements for International Students

All admission policies and requirements for domestic students apply to international students. International students must also meet the following additional requirements:

- Demonstrate English Language Proficiency (<https://catalog.slu.edu/academic-policies/office-admission/undergraduate/english-language-proficiency/>). ABA requires a TOEFL score of 92 or higher.
- Academic records, in English translation, of students who have undertaken postsecondary studies outside the United States must include:
 - Courses taken and/or lectures attended
 - Practical laboratory work
 - The maximum and minimum grades attainable
 - The grades earned or the results of all end-of-term examinations
 - Any honors or degrees received.
- Credential Evaluation Reports (such as the WES, ECE, Spantran, or Scholaro) are required.

If admitted to the School of Social Work, the International Office will require additional documentation to issue an I-20. Questions about these requirements can be directed to internationalservices@slu.edu.

Application Deadlines

August 1 is the application deadline for students each year.

Review Process

Applications are reviewed on a rolling basis. The admissions committee considers several factors to determine a candidate's eligibility:

- Strength of the undergraduate program
- Application information
- Professional statement
- Work experience
- Any graduate degrees earned
- Motivation, leadership and service
- Undergraduate GPA
- Clinical experience in behavior analysis
