CRIMINOLOGY AND CRIMINAL JUSTICE, M.A.

Communities and organizations in the 21st century require professionals with interdisciplinary skills and preparation to handle many complex challenges. Saint Louis University’s Master of Arts in Criminology and Criminal Justice degree provides students with a core criminological knowledge foundation and the opportunity to gain additional skills.

Enhance your graduate education in criminology and criminal justice by selecting one of three diverse concentrations:

- Administration of justice
- Emergency management
- Treatment and rehabilitation

SLU’s Master of Arts in Criminology and Criminal Justice degree prepares graduates to be advanced practitioners in various community and justice agency/organizational settings. The program is offered in variable formats. Part-time and full-time degree options are available. Most classes are offered on campus in the evening, but one concentration, emergency management, is currently offered online only.

Curriculum Overview

SLU’s M.A. in criminology and criminal justice prepares students to take on leadership roles in various community settings. Students must select one of the following areas as the concentration of their graduate studies:

Administration of Justice

Prepare for leadership roles in justice-serving organizations through coursework designed to increase your knowledge about the justice system, techniques and challenges of administration, and issues in jurisprudence. Students integrate this knowledge through rigorous coursework with community-based learning opportunities to create solutions to complex social and organizational challenges.

Emergency Management

Justice personnel are often among the first responders to a crisis. Students in our emergency management concentration learn critical thinking, leadership, and crisis management skills through seminars and challenging simulations that put their academic knowledge to the test. All courses in this concentration are offered online.

Treatment and Rehabilitation

Students in our treatment and rehabilitation concentration gain an in-depth understanding of human behavior, issues related to the treatment of high-risk populations, and evidence-based practices for improving the health of offenders and the communities in which they reside. A blend of in-class training and community-based practice experiences prepares students to become effective treatment agents.

Careers

Graduates of the administration of justice concentration are prepared for leadership roles in justice-serving organizations.

Graduates of the treatment and rehabilitation concentration are prepared to be effective treatment agents.

Graduates of the emergency management concentration are trained to be leaders in emergency response.

Recent graduates from SLU’s M.A. in criminology and criminal justice program have accepted professional opportunities with the FBI, U.S. Marshals, Secret Service, IRS and the St. Louis Circuit Attorney’s Office.

Scholarships
New and continuing students are eligible for merit-based scholarships. Prospective students will be automatically screened for scholarship eligibility. No additional application is required; awards are based on information provided in the admission application.

Please note that the terms of the scholarship are subject to change if a student petitions for a degree transfer or fails to remain in good academic standing.

Fellowships
The Doerr Fellowship for Equity and Inclusion is a full-tuition fellowship funded by the School of Social Work for new and continuing students. A separate application is required with a deadline of March 1. This fellowship requires that recipients serve as members of the School of Social Work’s Equity and Inclusion Committee. Recipients will also be expected to actively participate in the diversity, equity and inclusion activities sponsored by the Doer Center throughout the year.

Newly accepted master’s or doctoral students and students in the first year of a program are eligible to apply for a University-wide Diversity, Dissertation or Presidential fellowship. You must first submit the full application minus the nomination letter to the School of Social Work by January 2 to be considered for nomination. Find more details on application components here (https://www.slu.edu/academics/graduate/graduate-scholarships-fellowships-assistantships-awards.php).

Graduate Assistantships
By filling out a graduate assistantship application, you will automatically be considered for a full or partial graduate assistantship with the School of Social Work. Assistantships are appointed for one year. Students must reapply to be considered for a second year, and there are no guarantees that recipients will receive subsequent/continuing assistantships.

Full graduate assistantships are University-funded assistantships (UFA) awarded by the School of Social Work. They are assigned and funded for two semesters, a duration of nine months, 20 hours per week, working with designated faculty. Most full assistantships are assigned to help faculty with research (GRA), and a small number may be assigned to assist with administrative work (GA) or faculty teaching (GTA).

The full graduate assistant works with one or two faculty members, depending on faculty needs. Time is divided between both faculty mentors if the student is assigned two. Students who receive a fully-funded UFA in one year may not receive a UFA in subsequent years, although they remain eligible for partial assistantships throughout their pursuit of a graduate degree in the School of Social Work.

Partial graduate assistantships are funded and awarded by the School of Social Work. They are assigned and funded for two semesters, a duration of nine months, 8-16 hours per week, working with assigned faculty. Partial assistantships may be assigned to assist with administrative work (GA), research (GRA), or faculty teaching (GTA). Depending on the hours assigned, tuition benefits will differ; health insurance and stipends are not awarded partial assistantships.

Other Funding for Current Students
Current students may be eligible for conference/training funding, graduate assistantships and scholarships.
