

APPLIED CLINICAL SKILLS (APCS)

APCS 0300 - Applied Clinical Skills 3

1-3 Credits

A longitudinal course spanning the clerkship year in which students gather once every 8 weeks for a one hour presentation on a variety of topics including wellness and stress management as well as important clinical and ethical issues in medicine. These presentations are followed by small group experiences in which students discuss the topic presented in the previous hour as well as challenging experiences in the clerkships.
