APPLIED CLINICAL SKILLS
(APCS)

APCS 0300 - Applied Clinical Skills 3
Credit(s): 1-3 Credits
A longitudinal course spanning the clerkship year in which students
gather once every 8 weeks for a one hour presentation on a variety of
topics including wellness and stress management as well as important
clinical and ethical issues in medicine. These presentations are followed
by small group experiences in which students discuss the topic
presented in the previous hour as well as challenging experiences in the
clerkships.
