EDUCATION (ED)

ED 1200 - Human Growth & Development
Credit(s): 3 or 4 Credits
Study of maturation in childhood, adolescence, and early adulthood designed for those entering the teaching profession. Emphasis is placed on biological, health, social, cognitive, and affective development. (Taken by all Renaissance candidates.)
Attributes: Prof. Studies Students Only

ED 1400 - Education of the Exceptional Individual
Credit(s): 3 Credits
Study of the concept of exceptionality, specifically addressing the implications of atypical educational development. Alternative instructional strategies, educational decision-making, special education resources, inclusive programming, and related issues are examined.
Attributes: Prof. Studies Students Only

ED 1500 - Surv of Science & Geography
Credit(s): 4 Credits
This course is a survey of the concepts, development and basic principles of physics, astronomy, biology, chemistry and geography with emphasis on: the scientific method, use of scientific tools, metric system, beginning chemistry, electricity, magnetism, light, severe weather, immunology, reproduction, genetics, technology, geological time periods, evolution, and earth geography, in terms of man/land relationships and place formation.

ED 2000 - Candidate Exp: Educational Observation
Credit(s): 1 Credit
A field-based course that offers an introduction to the professional obligations and responsibilities of teachers. Must be completed prior to enrollment in a 3000 level education course.
Attributes: Prof. Studies Students Only

ED 2001 - Candidate Experiences: Educational Observations in Elementary School
Credit(s): 1 Credit
A field-based course that offers an introduction to the professional obligations and responsibilities of teachers. Must be completed prior to enrollment in a 3000 level education course.

ED 2002 - Candidate Experiences: Educational Observations Middle School
Credit(s): 1 Credit
A field-based course that offers an introduction to the professional obligations and responsibilities of teachers. Must be completed prior to enrollment in a 3000 level education course.

ED 2003 - Candidate Experiences: Educational Observations Special Education
Credit(s): 1 Credit
A field-based course that offers an introduction to the professional obligations and responsibilities of teachers. Must be completed prior to enrollment in a 3000 level education course.

ED 2100 - Teaching and Learning: Trends and Issues
Credit(s): 3 or 4 Credits
Study of contemporary issues in education: philosophical underpinning, innovations, current problems, and proposed changes. Topics will include discussion of the role of social context and socio-cultural background in learning, curriculum development, No child Left Behind, and school-agency alliances for fostering learning.
Attributes: Prof. Studies Students Only

ED 2200 - Today's Diverse Educational Environment: Trends and Issues
Credit(s): 3 Credits
Integrative course designed to explore, evaluate, compare and contrast schools and related social institutions with a focus on inter- and intra-cultural relationships. Teacher candidates will be introduced to the principles of human relation skill development.
Attributes: Prof. Studies Students Only, Urban Poverty - Applied

ED 2930 - Special Topics
Credit(s): 1-6 Credits (Repeatable for credit)
Attributes: Prof. Studies Students Only

ED 2980 - Independent Study
Credit(s): 1-4 Credits (Repeatable for credit)
Attributes: Prof. Studies Students Only

ED 3000 - Candidate Experiences and Preparatory Teaching
Credit(s): 2 Credits
An examination of the educational process through structured field assignments and observations. Teacher certification candidates only.
Attributes: Prof. Studies Students Only

ED 3001 - Candidate Experiences and Preparatory Teaching in Elementary School
Credit(s): 2 Credits
An examination of the educational process through structured field assignments and observations. Teacher certification candidates only.

ED 3002 - Candidate Experiences and Preparatory Teaching in Middle School
Credit(s): 2 Credits
An examination of the educational process through structured field assignments and observations. Teacher certification candidates only.

ED 3003 - Candidate Experiences and Preparatory Teaching in Special Education
Credit(s): 2 Credits
An examination of the educational process through structured field assignments and observations. Teacher certification candidates only.

ED 3000 - Classroom Inclusion and Family Support
Credit(s): 3 Credits
Directed investigation of educational strategies that promote inclusion for all learners. Examination of family support systems in education.
Attributes: Prof. Studies Students Only

ED 3300 - Special Education: Counseling and career Development
Credit(s): 4 Credits
The course presents approaches to counseling students with mild-moderate disabilities and their families and addresses the issues of transition and career development. Candidates will focus on understanding, developing, and implementing approaches to interact with students and their families. Exploration of theories and methods that enhance positive relations with students and parents. Investigation of transitional programs and vocational options for students with disabilities. Field visitations required. Pre-requisite: Admittance into the Teacher Preparation Program.
Attributes: Prof. Studies Students Only

ED 3400 - Interactive Communication in the Learning Environment
Credit(s): 3 Credits
Introduction to the methods of creating structure in the school environment. Preparation for implementing communication and behavior management strategies in the school environment.
Attributes: Prof. Studies Students Only
ED 3480 - Fundamentals of Neurology and Learning  
Credit(s): 3 Credits  
An examination of neurological structures including embryonic development and maturation of the nervous system. Discussion of conditions and diseases that may impact the development of the central nervous system, including syndromes and traumatic brain injury. An introduction to cognitive neuropsychology.  
Attributes: Prof. Studies Students Only  
ED 3600 - Disabilities Studies I  
Credit(s): 4 Credits  
An introduction to the profession of special education with information regarding the characteristics of persons with the various disabilities included in IDEA. History, theoretical foundations and practices related to the social, emotion, health, and learning characteristics of individuals with mild-moderate disabilities. The course includes an introduction to the educational and psychological characteristics (cognitive, emotional, and social) of school age individuals with mild-moderate disabilities and the implications these characteristics have for educational practice. Problems of definitions, screening, diagnosis, classification systems, transition, future planning, classroom management, and multicultural issues are introduced. Prerequisite: admission to the teacher preparation program.  
Attributes: Prof. Studies Students Only  
ED 3640 - Fundamentals of Neurology and Learning  
Credit(s): 2 Credits  
This course provides an advanced discussion of the speech and language characteristics of school age individuals with mild-moderate disabilities and implications that these characteristics have for educational practice. It stresses characteristics of speech and language and provides the candidate with a thorough background in speech and language development related to children with special needs.  
Attributes: Prof. Studies Students Only  
ED 3800 - Candidate Experiences: Classroom Teaching in Elementary School  
Credit(s): 8 Credits  
Full day, full-time teaching experience. Candidates are expected to demonstrate the knowledge and skills acquired in the core, methods, and specialization courses. Candidates placed with or under the supervision of a certified master teacher.  
Prerequisite(s): ED 3000  
Attributes: Prof. Studies Students Only  
ED 3801 - Candidate Experiences: Classroom Teaching in Middle School  
Credit(s): 8 Credits  
Full day, full-time teaching experience. Candidates are expected to demonstrate the knowledge and skills acquired in the core, methods, and specialization courses. Candidates placed with or under the supervision of a certified master teacher.  
Prerequisite(s): ED 3001  
ED 3802 - Candidate Experiences: Classroom Teaching in Special Education  
Credit(s): 8 Credits  
Full day, full-time teaching experience. Candidates are expected to demonstrate the knowledge and skills acquired in the core, methods, and specialization courses. Candidates placed with or under the supervision of a certified master teacher.  
Prerequisite(s): ED 3003  
ED 3803 - Candidate Experiences: Classroom Teaching in Special Education  
Credit(s): 8 Credits  
Full day, full-time teaching experience. Candidates are expected to demonstrate the knowledge and skills acquired in the core, methods, and specialization courses. Candidates placed with or under the supervision of a certified master teacher.  
Prerequisite(s): ED 3003  
ED 3930 - Special Topics  
Credit(s): 3 Credits (Repeatable for credit)  
ED 3980 - Independent Study  
Credit(s): 1-4 Credits (Repeatable for credit)  
Attributes: Prof. Studies Students Only  
ED 4100 - Principles of Education: Inclusion, Diversity, Behavior Management, and Technology  
Credit(s): 3 or 4 Credits  
Integrative course designed to investigate educational strategies that promote inclusion for all learners; to evaluate, compare and contrast school and related social institutions with a focus on cultural relationships; to investigate methods for implementing communication and behavior management strategies in the school environment; and to develop competency in selection and application of technology into the curriculum. (taken by Elementary, Middle and Secondary RenPro-A candidates.)  
Attributes: Prof. Studies Students Only  
ED 4200 - Assessment in the School Environment  
Credit(s): 4 Credits  
Investigation into the development, interpretation, and use of standardized psychological and educational tests in the school environment. Overview of informal assessment instruments and assessment techniques, including portfolio design and evaluation. The course is designed with an emphasis on formulating instructional plans based on formal and/or informal assessment. (Taken by all Renaissance candidates). Prerequisite: Admission to the Teacher Preparation Program.  
Attributes: Prof. Studies Students Only  
ED 4210 - School Curriculum and Instruction: Elem/Special Education  
Credit(s): 3 Credits  
Explores foundation for curriculum development and instruction classroom organization and structure, lesson planning, and evaluation. Discussion of topics including scope, sequence, and curriculum articulation; curriculum change in educational settings; and the principles and objectives that influence these processes. (Taken by all Renaissance candidates.) (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only  
ED 4220 - School Curriculum and Instruction: Middle School  
Credit(s): 3 Credits  
Explores foundation for curriculum development and instruction classroom organization and structure, lesson planning, and evaluation. Discussion of topics including scope, sequence, and curriculum articulation; curriculum change in educational settings; and the principles and objectives that influence these processes. (Taken by all Renaissance candidates.) (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only
ED 4230 - School Curriculum and Instruction: Secondary Education  
Credit(s): 3 Credits  
Explores foundation for curriculum development and instruction, classroom organization and structure, lesson planning, and evaluation. Discussion of topics including scope, sequence, and curriculum articulation; curriculum change in educational settings; and the principles and objectives that influence these processes. (Taken by all Renaissance candidates.) (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4240 - Teaching Methods in Physical Education  
Credit(s): 1 Credit  
This course will focus on the physical education curriculum. Candidates will develop techniques for instruction as well as an awareness of age-appropriate developmental expectations. Integration of physical education activities into other content areas will be stressed as well as the role of physical education in extra-curricular endeavors. Prerequisite: acceptance into the Teacher Preparation Program.  
Attributes: Prof. Studies Students Only

ED 4250 - Remedial Math procedures  
Credit(s): 2 Credits  
Integration of the fine arts (visual, music, and dramatics) and physical movement in the classroom. Candidates will learn to select, design, adapt, implement and assess creative arts and physical activities that are developmentally appropriate, meaningful, challenging and that lead to positive learning outcomes and the development of positive dispositions toward aesthetic and physical expression. (Taken by Elementary Renaissance Program Alternative Certification candidates)  
Attributes: Prof. Studies Students Only

ED 4260 - Classrooms Without Borders II  
Credit(s): 3 Credits  
This examines the ideas and events that teachers can implement in the classroom for enrichment of the curriculum. Candidates will gain a better understanding of the resources of the community and how to incorporate its economic, political, intellectual, and cultural offerings into the classroom. Upon completion of the course, the candidate will know how to incorporate a variety of innovative subjects into the classroom curriculum. All classes will be field based. Prerequisite: acceptance into the Teacher Preparation program.  
Attributes: Prof. Studies Students Only

ED 4270 - Classrooms Without Borders II  
Credit(s): 3 Credits  
This course will continue to examine the ideas and events that teachers can implement in the classroom for enrichment of the curriculum. Candidates will gain a better understanding of the resources of the community and how to incorporate its economic, political, intellectual, and cultural offerings into the classroom. Upon completion of the course, the candidate will know how to incorporate a variety of innovative subjects into the classroom curriculum. All classes will be field based. Pre-requisite: acceptance into the Teacher Preparation program.  
Attributes: Prof. Studies Students Only

ED 4280 - Classrooms Without Borders II  
Credit(s): 3 Credits  
This course focuses on science as an exciting adventure for elementary and middle school students. Candidates will explore various community resources to grasp a better understanding of providing innovative and integrative science instruction and hands-on activities. Some classes will be field based.  
Attributes: Prof. Studies Students Only

ED 4290 - Community Based Science Adventures  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in middle school science. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4300 - School Curriculum and Instruction  
Credit(s): 6 Credits  
Explores foundation for curriculum development and instruction, including classroom organization and structure, lesson planning, and evaluation. Discussion of topics including scope, sequence, and curriculum articulation; curriculum change in educational settings; and the principles and objectives that influence these processes. Taken by all Renaissance candidates.  
Attributes: Prof. Studies Students Only

ED 4310 - Aesthetic Educ & Physical Educ  
Credit(s): 1 Credit  
Integration of the fine arts (visual, music and dramatics) and physical movement in the classroom. Candidates will learn to select, design, adapt, and assess creative arts and physical activities that are developmentally appropriate, meaningful, challenging and that lead to positive learning outcomes and the development of positive dispositions toward aesthetic and physical expression. Taken by Elementary Renaissance Program Alternative Certification candidates.  
Attributes: Prof. Studies Students Only

ED 4320 - Teaching Methods in the Fine Arts  
Credit(s): 2 Credits  
This course will focus on the art and music education curriculum. Candidates will develop techniques for instruction as well as an awareness of age-appropriate developmental expectations. Integration of the arts into other content areas will be stressed as well as the role of the arts in extra curricular endeavors. (Taken by Elementary and Special Education Candidates).  
Attributes: Prof. Studies Students Only

ED 4340 - Teaching Methods in Physical Education  
Credit(s): 1 Credit  
This course will focus on the physical education curriculum. Candidates will develop techniques for instruction as well as an awareness of age-appropriate developmental expectations. Integration of physical education activities into other content areas will be stressed as well as the role of physical education in extra-curricular endeavors. Prerequisite: acceptance into the Teacher Preparation Program.  
Attributes: Prof. Studies Students Only

ED 4350 - Remedial Math procedures  
Credit(s): 2 Credits  
Integration of the fine arts (visual, music, and dramatics) and physical movement in the classroom. Candidates will learn to select, design, adapt, implement and assess creative arts and physical activities that are developmentally appropriate, meaningful, challenging and that lead to positive learning outcomes and the development of positive dispositions toward aesthetic and physical expression. (Taken by Elementary Renaissance Program Alternative Certification candidates)  
Attributes: Prof. Studies Students Only

ED 4360 - Community Based Science Adventures  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in middle school science. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4370 - Community Based Science Adventures  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in middle school science. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4380 - Community Based Science Adventures  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in middle school science. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4390 - Community Based Science Adventures  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in middle school science. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4400 - Teaching Methods in Middle School Language Arts  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in middle school language arts instruction; emphasizes application of knowledge from research and learning theory. Examines procedures useful for developing and improving curricular units. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4410 - Teaching Methods in Elementary School in Mathematics, Science, and Social Science  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in elementary curriculum content; emphasizes application of knowledge from research and learning theory. Examines procedures useful for developing and improving curricular units. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4420 - Teaching Methods in Middle School Language Arts  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in middle school language arts instruction; emphasizes application of knowledge from research and learning theory. Examines procedures useful for developing and improving curricular units. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)  
Attributes: Prof. Studies Students Only

ED 4430 - Teaching Methods in Middle School Social Science  
Credit(s): 3 Credits  
Explores and discusses content, objectives, and methods in middle school social science instruction; emphasizes application of knowledge from research and learning theory. Examines procedures useful for developing and improving curricular units. Addresses the effect of individual differences upon selection, organization, and presentation of instructional material. Addresses mathematics, social studies and science. (Also taken by Special Education candidate.)

</tbody>
</table>
ED 4600 - Micro-computing Application and Teaching in Education
Credit(s): 3 Credits
An introduction to the principles underlying the application of technology in the school; selection and evaluation of various media incorporation of technology into the curriculum. (taken by all Renaissance candidates).
Attributes: Prof. Studies Students Only

ED 4620 - Disabilities Studies I
Credit(s): 4 Credits
An introduction to the profession of special education with information regarding the characteristics of persons with the various disabilities included in IDEA. History, theoretical foundations and practices related to the social, emotion, health, and learning characteristics of individuals with mild-moderate disabilities. The course includes an introduction to the educational and psychological characteristics (cognitive, emotional, and social) of school age individuals with mild-moderate disabilities and the implications these characteristics have for educational practice. Problems of definitions, screening, diagnosis, classification systems, transition, future planning, classroom management, and multicultural issues are introduced. Prerequisite: admission to the teacher preparation program.
Attributes: Prof. Studies Students Only

ED 4640 - Disabilities Studies II
Credit(s): 2 Credits
This course provides an advanced discussion of the speech and language characteristics of school age individuals with mild-moderate disabilities and implications that these characteristics have for educational practice. It stresses characteristics of speech and language and provides the candidate with a thorough background in speech and language development related to children with special needs.
Attributes: Prof. Studies Students Only

ED 4680 - Disabilities Studies III
Credit(s): 3 Credits
Problems of definitions, screening, diagnosis, classification systems, legal implications, transition, future planning, classroom management, and multicultural issues are addressed. The topic of selecting and developing intervention programs for students with mild-moderate disabilities including physical and other health impairments is the centerpiece of the course. Course content is based upon research-based best practices with respect to instructional approaches, methods, and materials specifically developed for special populations. Prerequisite: Ed 364, Disabilities Studies II.
Attributes: Prof. Studies Students Only

ED 4850 - Education Portfolio
Credit(s): 1 Credit
This seminar addresses the practices of portfolio development as they pertain to candidates prior to and during student teaching. The portfolio is built around the MO Step standards. This includes a composition for each MO Step standard and artifacts. Grade obtained must be C+ or higher for teacher certification and graduation.
Attributes: Prof. Studies Students Only

ED 4911 - Professional Internship I
Credit(s): 1 Credit (Repeatable for credit)
Formative examination and reflection of the educational process and practice through candidate's classroom experiences and observations. Involves on-going collaboration with candidates, Chair, University Educators, and Educator Mentors. Participation in district professional development program is required. (Taken by all candidates).

ED 4912 - Professional Internship II
Credit(s): 1 Credit (Repeatable for credit)
Formative examination and reflection of the educational process and practice through candidate's classroom experiences and observations. Involves on-going collaboration with candidates, Chair, University Educators, and Educator Mentors. Participation in district professional development program is required. (Taken by all candidates).

ED 4913 - Professional Internship III
Credit(s): 1 Credit (Repeatable for credit)
Formative examination and reflection of the educational process and practice through candidate's classroom experiences and observations. Involves on-going collaboration with candidates, Chair, University Educators, and Educator Mentors. Participation in district professional development program is required. (Taken by all candidates).

ED 4914 - Professional Internship IV
Credit(s): 1 Credit (Repeatable for credit)
Formative examination and reflection of the educational process and practice through candidate's classroom experiences and observations. Involves on-going collaboration with candidates, Chair, University Educators, and Educator Mentors. Participation in district professional development program is required. (Taken by all candidates).

Restrictions:
Enrollment limited to students in the Schl for Professional Studies college.

ED 4930 - Special Topics
Credit(s): 1-3 Credits (Repeatable for credit)
Attributes: Prof. Studies Students Only

ED 4980 - Independent Study
Credit(s): 1-4 Credits (Repeatable for credit)
Attributes: Prof. Studies Students Only
