EDUCATION FOUNDATIONS (EDF)

EDF 2010 - Foundations of Education  
Credit(s): 3 Credits  
A systematic analysis of how social issues impact schools forcing continual change and reform. Each part of educational system will be analyzed including organization philosophy, environment, management, and assessment. Field experiences are required and structured to focus on early childhood education (1 - 6).  
Corequisite(s): EDF 2940

EDF 2020 - Foundations of Elementary Education  
Credit(s): 3 Credits  
A systematic analysis of how social issues impact schools forcing continual change and reform. Each part of educational system will be analyzed including organization philosophy, environment, management, and assessment. Field experiences are required and structured to focus on early childhood education (1 - 6).  
Corequisite(s): EDF 2940

EDF 2030 - Foundations of Middle School Education  
Credit(s): 3 Credits  
A systematic analysis of how social issues impact schools forcing continual change and reform. Each part of educational system will be analyzed including organization philosophy, environment, management, and assessment. Field experiences are required and structured to focus on early childhood education (1 - 6).  
Corequisite(s): EDF 2940

EDF 2040 - Foundations of Secondary Education  
Credit(s): 3 Credits  
A systematic analysis of how social issues impact schools forcing continual change and reform. Each part of educational system will be analyzed including organization philosophy, environment, management, and assessment. Field experiences are required and structured to focus on early childhood education (1 - 6).  
Corequisite(s): EDF 2940

EDF 2240 - Growth Development and Learning  
Credit(s): 3 Credits  
This course encompasses stages of growth, development, and learning throughout the human lifespan and the principles of psychology that relate to these stages. The student will study lifespan issues related to physical, cognitive, language, emotional, and behavioral aspects of the learner, examining basic research and theories most applicable to human growth. Offered annually.

EDF 2930 - Special Topics  
Credit(s): 1-3 Credits (Repeatable for credit)

EDF 2980 - Independent Study  
Credit(s): 1 or 3 Credits (Repeatable for credit)

EDF 3620 - Culture and the Classroom  
Credit(s): 3 Credits  
This course will permit students to examine multi-cultural education, how it is defined, how it is taught in schools, its conceptual base, and reasons for its development. A special focus will be given to over-arching issues common to development, race, culture, language, gender, age, social class and disability.

EDF 3710 - Development of the Young Child  
Credit(s): 3 Credits  
An examination of the basic theories, principles and research relating to growth and development from a physical, intellectual, social and emotional perspective. Covers development from prenatal period through age five. Review of characteristics of major conditions (including developmental disabilities and giftedness) impacting on development. Field experience with infant/toddlers.

EDF 3840 - Professional Ethics  
Credit(s): 3 Credits  
This course begins with an examination of the concept of professional ethics and its relationship to general ethics. It studies the notions of morality and justice as well as the relationship between morality, values, and religion. Particular emphasis will be placed on the dynamic nature of moral and professional ethical developments, their similarities and the differences between ethics in a variety of service-oriented professions, and the impact of one's values on the ethical treatment of individuals. Ethical issues in education, governments, clinical settings, healthcare, law and business will be investigated through a case study approach and an individual code of professional ethics will be generated.

EDF 3890 - School and Community  
Credit(s): 3 Credits  
This course is designed to acquaint pre-service teachers with the theories, practices, skills, and knowledge of school and community partnerships. This course explores the question 'what role does the family and community play in the educational development of children?' There is a focus in this course to develop understandings of diverse contexts when working with communities, families, children. In this course students will study themselves, the schools, communities, families, and children in the contexts of future teaching situations.

EDF 3930 - Special Topics  
Credit(s): 3 Credits

EDF 3980 - Independent Study  
Credit(s): 1-3 Credits (Repeatable for credit)

EDF 4835 - Foundations of Catholic Education  
Credit(s): 3 Credits  
This course examines the foundations and special dimensions of education in a Catholic school including: 1) Self-knowledge and Spiritual Development; 2) The foundations of governance in a Catholic school including the following topics: canon law and Catholic education; mission, vision, and the role of parents in Catholic education; 3) The historical foundations of Catholic education in the United States 4) Church documents on Catholic Education.
