Corequisite(s): EDI 2940

EDF 2240 - Growth Development and Learning
Credit(s): 3 Credits
This course encompasses stages of growth, development, and learning throughout the human lifespan and the principles of psychology that relate to these stages. The student will study lifespan issues related to physical, cognitive, language, emotional, and behavioral aspects of the learner, examining basic research and theories most applicable to human growth. Offered annually.

EDF 2930 - Special Topics
Credit(s): 1-3 Credits (Repeatable for credit)

EDF 2980 - Independent Study
Credit(s): 1 or 3 Credits (Repeatable for credit)

EDF 3620 - Multicultural Issues in the Classroom
Credit(s): 3 Credits
This course will permit students to examine multi-cultural education, how it is defined, how it is taught in schools, its conceptual base, and reasons for its development. A special focus will be given to over-arching issues common to development, race, culture, language, gender, age, social class and disability. Every semester.

EDF 3710 - Development of the Young Child
Credit(s): 3 Credits
An examination of the basic theories, principles and research relating to growth and development from a physical, intellectual, social and emotional perspective. Covers development from prenatal period through age five. Review of characteristics of major conditions (including developmental disabilities and giftedness) impacting on development. Field experience with infant/toddlers.

EDF 3840 - Professional Ethics
Credit(s): 3 Credits
This course begins with an examination of the concept of professional ethics and its relationship to general ethics. It studies the notions of morality and justice as well as the relationship between morality, values, and religion. Particular emphasis will be placed on the dynamic nature of moral and professional ethical developments, their similarities and the differences between ethics in a variety of service-oriented professions, and the impact of one's values on the ethical treatment of individuals. Ethical issues in education, governments, clinical settings, healthcare, law and business will be investigated through a case study approach and an individual code of professional ethics will be generated.
Restrictions:
Enrollment is limited to students with a major in Education.
