Offered every fall.

Critical thinking. All of these factors are essential for academic success. This development impacts reading, writing, executive functioning and learners will discover the developmental sequences of language and how.

In this study of language development for school-age populations, methodologies conducive to academic language acquisition, acquisition and ELL education, classroom environments and instructional state requirements, as well as assessment accommodations.

Include 15 hours of field experience. Prerequisite: Foundations of classrooms. Reading and language arts theory, content, and methods.

This course surveys a wide variety of literature and media created for children in order to develop understanding and appreciation. Students will become familiar with: various genres and their characteristics; ways children's literature and media is used to develop literacy; notable authors and illustrators; ways to critically analyze literature and media from diverse perspectives. Students will keep a literature log, share books with children, investigate websites, discuss literature and media, and write papers. Includes 10 hours of field experience.

Focus is on ELL population diversity, philosophies of second language and illustrators; ways to critically analyze literature and media from diverse perspectives. Students will keep a literature log, share books with children, investigate websites, discuss literature and media, and write papers. Includes 10 hours of field experience.

This course covers the principles and practices of portfolio development as they pertain to students in Block II course and is specifically designed to address components of students Program Portfolio. Course products at this level include selection of three artifacts and composition of 3 medication statements representing three of the ten standards addressed by the portfolio.

This course surveys a wide variety of literature and media created for children in order to develop understanding and appreciation. Students will become familiar with: various genres and their characteristics; ways children's literature and media is used to develop literacy; notable authors and illustrators; ways to critically analyze literature and media from diverse perspectives. Students will keep a literature log, share books with children, investigate websites, discuss literature and media, and write papers. Includes 10 hours of field experience.

This course will explore connections between play, the creative arts (art, drama, music, and movement), and learning. Students will investigate play as foundational to learning through theory, research, and practice. Students will develop observation skills to inform the design and documentation of playful learning experiences. Emphasis is on meeting the needs of all young children (ages 3-8) through developmentally appropriate practices and within an anti-bias education framework. Includes field experience. (Offered in Fall)

This course will focus on an introduction to the methods used in teaching early childhood and elementary classrooms. Students will develop techniques for instruction in each area as well as an awareness of developmental expectations for children. Integration of the arts into other content areas will be included. May include Practicum experience. Fall semester.

Instructional techniques, classroom materials and strategies appropriate for use with the beginning reader, K-5. This course will emphasize the value of immersing children in language through the use of a balanced literacy program and daily reading to children with children and by children.

EDI 3050 - An Interdisciplinary Immersion in Belize Credit(s): 1 Credit

Weekly seminar and 10 day faculty/staff led trip will immerse you in the cultural, linguistic, and pedagogical practices in Belize City. Students will engage the material through ethical, academic and spiritual frameworks that synthesize past information and experiences with the new paradigms encountered through the course. Application Required.

The class combines theory with practical experiences. Students develop safety skills necessary for teaching science as well as experience evaluating student data, integrating technology, and developing curriculum. Teach methodologies include lecture, reflective practice, cooperative learning, small group teaching, whole class teaching, hands-on learning, discussion, discovery, research, and inquiry based learning and teaching. Emphasis is placed on project-based learning (PBL). A 15-hour practicum is required. (Offered in Fall)

This course focuses on an introduction to the methods used in teaching elementary social studies. The class combines theory with practical experiences. In addition, students will develop skills for integrating technology and developing curriculum. Practicum experience is included. (Offered in Fall)

In this study of language development for school-age populations, learners will discover the developmental sequences of language and how this development impacts reading, writing, executive functioning and critical thinking. All of these factors are essential for academic success. Offered every fall.
EDI 3100 - Secondary Methods/Practicum Teaching English
Credit(s): 3 Credits
A study of and sequence of English in the High School curriculum with emphasis on the selection and organization of materials and methods of instruction and evaluation. Includes practicum experience. (offered in Fall)

EDI 3120 - Secondary Methods/Practicum Teaching Math
Credit(s): 3 Credits
Methods and materials for teaching mathematics to students in secondary schools. Emphasis on NCTM standards. Includes practicum. (Offered in Fall)

EDI 3140 - Sec Meth/Pract Teach Soc Sci
Credit(s): 3 Credits
Methods and materials for teaching social studies to secondary students. Includes practicum. (Offered in Fall)

EDI 3200 - Reading/Writing Content Fld
Credit(s): 3 Credits
Teaching reading and writing in the content fields in Middle and Secondary schools. Developmental reading for average and above average students as well as remedial techniques for poor readers will be explored. Improving reading rate, motivation, critical reading, reading in special content areas, writing across the curriculum. Includes practicum. Fall semester.

EDI 3300 - Curriculum and Methods in Teaching Secondary English
Credit(s): 3 Credits
A study of and sequence of English in the high school curriculum with emphasis on the selection and organization of materials and methods of instruction and evaluation. Includes practicum experience. Fall semester.
Prerequisite(s): EDI 3305 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3305 - Practicum in Teaching Secondary English
Credit(s): 3 Credits
A study of and sequence of English in the high school curriculum with emphasis on the selection and organization of materials and methods of instruction and evaluation. Includes practicum experience. Fall semester.
Prerequisite(s): EDI 3300 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3310 - Curriculum and Methods in Teaching Secondary Science
Credit(s): 3 Credits
Methods and materials for teaching science to students in secondary schools. Includes practicum experience. Fall semester.

EDI 3315 - Practicum in Teaching Secondary Science
Credit(s): 3 Credits
Methods and materials for teaching science to students in secondary schools. Includes practicum experience. Fall semester.
Prerequisite(s): EDI 3310 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3320 - Methods in Teaching Secondary Mathematics
Credit(s): 3 Credits
Methods and materials for teaching mathematics to students in secondary schools. Emphasis on the NCTM Standards. Includes practicum experience. Fall semester.
Prerequisite(s): EDI 3325 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3325 - Practicum in Teaching Secondary Mathematics
Credit(s): 3 Credits
Methods and materials for teaching mathematics to students in secondary schools. Emphasis on the NCTM Standards. Includes practicum experience. Fall semester.
Prerequisite(s): EDI 3320 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3340 - Curriculum and Methods in Teaching Secondary Social Studies
Credit(s): 3 Credits
Methods and materials for teaching social studies to secondary students. Includes practicum experience. fall semester.
Prerequisite(s): EDI 3345 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3345 - Practicum in Teaching Secondary Social Studies
Credit(s): 3 Credits
Methods and materials for teaching social studies to secondary students. Includes practicum experience. fall semester.
Prerequisite(s): EDI 3340 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3350 - Curriculum and Methods in Teaching World Languages
Credit(s): 3 Credits
Techniques of teaching a foreign language to secondary school students. Analysis of learning and teaching approaches. Includes practicum experience. Offered fall and spring semester.
Prerequisite(s): EDI 3355 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3355 - Practicum in Teaching World Languages
Credit(s): 3 Credits
Techniques of teaching a foreign language to secondary school students. Analysis of learning and teaching approaches. Includes practicum experience. Offered fall and spring semester.
Prerequisite(s): EDI 3350 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3461 - Health for Education Majors Pre K - Secondary
Credit(s): 2 or 3 Credits
The focus is on the teacher’s role in fostering student health during the school years. Establishing collaborative relationships with individuals in the community in a variety of agencies is explored as a way to enhance the services and scope of comprehensive school health programs ranging from pre-school through high school.

EDI 3500 - Curriculum and Methods in Teaching Middle School English
Credit(s): 3 Credits
Methods and materials for teaching language arts to students in grades 5-9. Includes practicum. Fall semester.
Prerequisite(s): EDI 3505 with a grade of C or higher
* Concurrent enrollment allowed.

EDI 3505 - Practicum in Teaching Middle School English
Credit(s): 3 Credits
Methods and materials for teaching language arts to students in grades 5-9. Includes practicum. Fall semester.
Prerequisite(s): EDI 3500 with a grade of C or higher
* Concurrent enrollment allowed.
EDI 3510 - Curriculum and Methods in Teaching Middle School Science  
Credit(s): 3 Credits  
Methods and materials for teaching language arts to students in grades 5-9. Includes practicum. Fall semester.  
Prerequisite(s): EDI 3515* with a grade of C or higher  
* Concurrent enrollment allowed.

EDI 3520 - Curriculum and Methods in Teaching Middle School Mathematics  
Credit(s): 3 Credits  
Methods and materials for teaching mathematics to students in grades 5-9. Emphasis on the NCTM standards. Includes practicum. Fall semester.  
Prerequisite(s): EDI 3525* with a grade of C or higher  
* Concurrent enrollment allowed.

EDI 3525 - Practicum in Teaching Middle School Mathematics  
Credit(s): 3 Credits  
Methods and materials for teaching mathematics to students in grades 5-9. Emphasis on the NCTM standards. Includes practicum. Fall semester.  
Prerequisite(s): EDI 3525* with a grade of C or higher  
* Concurrent enrollment allowed.

EDI 3540 - Curriculum and Methods in Teaching Middle School Social Studies  
Credit(s): 3 Credits  
Methods and material for teaching social studies to students in grades 5-9. Emphasis on the NCTM standards. Includes practicum. Fall semester.  
Prerequisite(s): EDI 3540* with a grade of C or higher  
* Concurrent enrollment allowed.

EDI 3545 - Practicum in Teaching Middle School Social Studies  
Credit(s): 3 Credits  
Methods and material for teaching social studies to students in grades 5-9. Emphasis on the NCTM standards. Includes practicum. Fall semester.  
Prerequisite(s): EDI 3545* with a grade of C or higher  
* Concurrent enrollment allowed.

EDI 3550 - Principles of Early Childhood Education  
Credit(s): 3 Credits (Repeatable for credit)  
Exploration of theories and strategies for teaching the young child. Includes an examination of theories and application of theories in the learning environment. Emphasis on diversity and meeting the needs of all children. Includes field work. Spring semester.

EDI 3893 - Technology Application for Professional Growth  
Credit(s): 3 Credits  
This course will focus on the development of technology skills to enhance professional growth and productivity including communicating, collaborating, conducting research and solving problems.  
Restrictions:  
Enrollment is limited to students with a major in Education.

EDI 3930 - Special Topics  
Credit(s): 3 Credits (Repeatable for credit)  

EDI 3940 - Portfolio Development II  
Credit(s): 0 Credits (Repeatable for credit)  
This course covers the principles and practices of portfolio development as they pertain to students prior to student teaching, and is specifically designed to address components of students' Program Portfolio. Course products at this level include selection of 8 artifacts and composition of 8 medication statements representing 8 of the ten standards addressed by the portfolio. A student must receive a grade of 'S' prior to student teaching.  
Prerequisite(s): EDI 2940

EDI 3980 - Independent Study  
Credit(s): 1-3 Credits (Repeatable for credit)  
Independent Study. Every semester.

EDI 4000 - Literacy Assessment and Instruction for Diverse Learners  
Credit(s): 3 Credits  
Examines characteristics and uses of formal and informal literacy assessment tools for children in grades 1-6; strategies for incorporating results into literacy instruction; state content and performance standards for literacy; and strategies for providing in-depth intervention, remediation, and acceleration. Students in this course will develop a diagnostic case study that links assessment, instruction, and reflective practices. Includes 1.5 hours of fieldwork per week. (Offered in Spring)  
Prerequisite(s): EDI 2000 with a grade of C or higher; EDI 4100 with a grade of C or higher; EDI 3000 with a grade of C or higher

EDI 4100 - Literacy and Language Arts in an Integrated Curriculum  
Credit(s): 3 Credits  
Strategies for helping children develop comprehension in content areas including use of various text organizers and graphics; use of multiple sources of information and technology; and integration of content areas with a focus on expository text. Includes 1.5 hours of fieldwork per week.  
Prerequisite(s): EDI 3000 with a grade of C or higher; EDI 3070* with a grade of C or higher  
* Concurrent enrollment allowed.

EDI 4200 - Disciplinary Literacy Assessment and Intervention for Secondary Students  
Credit(s): 3 Credits  
Assessment of student literacy skills in the content fields in middle and high school and development of appropriate classroom interventions. Use standardized literacy assessment data and classroom assessments to determine and respond to student strengths needs in accessing and producing print and digital texts. Includes practicum.  
Prerequisite(s): (EDI 3200 with a grade of C or higher, EDI 3300 with a grade of C or higher, EDI 3320 with a grade of C or higher, EDI 3310 with a grade of C or higher, EDI 3340 with a grade of C or higher, or EDF 2240); EDSP 4480 with a grade of C or higher

EDI 4210 - Methods of Technology Integration  
Credit(s): 3 Credits  
This course emphasizes the authentic use of technology by students in the PK-12 learning environment. Topics include technology concepts and operations, designing learning environments, teaching and learning with technology, assessment and evaluation, professional practice and social, ethical, legal and human issues. This course meets the compute requirements for teacher certification.  
Restrictions:  
Enrollment is limited to students with a major in Education.
EDI 4220 - Second Language Acquisition
Credit(s): 3 Credits
This course will prepare students to teach English as a second language in a classroom setting. Students will be able to create lesson and unit plans while learning to assess learner backgrounds, needs and preferences, analyze contexts of teaching and learning, and teach listening, speaking, reading and writing with innovative and dynamic methodology. Students will also focus on interaction, practice, and lesson delivery while pacing their lessons and combining different methods of language assessment. Topics include: contexts of teaching and learning; learner backgrounds and preferences; needs analysis; methods of language teaching; lesson planning; continued development for language teaching.

EDI 4250 - School Curriculum and Instruction Pre-Kindergarten to 6th Grade
Credit(s): 3 Credits
Emphasis on curriculum content and development of skills for integration of curriculum areas. Alternative instructional techniques for diverse learners will be included. Practicum in elementary setting required. Fall semester.

EDI 4290 - Mathematics for Diverse Learners
Credit(s): 3 Credits
Materials and methods suitable for teaching children experiencing difficulty in learning mathematics. Includes practicum experience. Fall semester.

EDI 4350 - Intercultural Seminar & Practicum
Credit(s): 1-3 Credits
In this course, students will apply concepts from ENGL 4110 Introduction to Linguistics and EDI 4220 Second Language Acquisition to their teaching practicum, which consists of teaching a Community ESL class, attending of a series of classroom discussions, practical workshops and lectures, and being observed teaching by both peers and the instructor.

EDI 4360 - Principles and Methods of Catechetics
Credit(s): 3 Credits
This course will engage participants with the role of the elementary teacher as a catechist in the mission of the Catholic elementary school. Throughout the course, participants will design age-appropriate lessons to engage children and young adolescents with the core teachings of the Catholic Church in ways that enable deepening understanding and growth in faith in elementary-aged students. Offered occasionally.

EDI 4361 - Art and Science of Human Flourishing
Credit(s): 3 Credits
This course addresses the philosophical, scientific and practical foundations of flourishing/ overall well-being. Broadly defined, flourishing is composed of five domains: mental and physical health, character and virtue, meaning and purpose, close social relationships and happiness and life satisfaction. To flourish in life, one has to do good, and be well in these domains. This course will explore each of the domains in depth and provide students the foundation to apply strategies, tools and philosophies of flourishing to their own life. Finally, this course will teach contemplative practices that will help students connect mind, body and soul.
Attributes: Nutrition, Health, Well Elective, UUC:Self in Contemplation

EDI 4420 - Assess Classroom Performance
Credit(s): 1-3 Credits
This course is an introduction to the principles and practices of assessment—specifically focused on general assessment methods. The course will include issues such as test administration issues, test interpretation procedures, and assessment development in specific areas. This course is an introduction to the principles and practices of assessment—specifically focused on general assessment methods. The course will include issues such as test administration issues, test interpretation procedures, and assessment development in specific areas.

EDI 4440 - Assessment in Early Childhood
Credit(s): 3-4 Credits
Emphasis on use of developmental screening and diagnostic measures and translation of the results into appropriate practice. Focus on informed and formal measures and the incorporation of observation into the assessment process for children with and without disabilities. Includes family involvement, ethical considerations and development of individual plans. Incorporates field experience.

EDI 4480 - Integrated Early Childhood Curriculum I
Credit(s): 3 Credits (Repeatable for credit)
Basic methods of curriculum development for young children (birth-kindergarten) with emphasis on emergent curriculum as a developmentally appropriate practice within an anti-bias education framework. Exploration of integrated early childhood curricular approaches and frameworks, with special attention to social constructivism. Considers the various responsibilities of the teacher in designing the environment, facilitating learning experiences, and documenting children's learning. Focus on preschool and kindergarten math content through the lens of integrated curriculum. Includes 15 hours of field experience. (Offered in Fall)
Prerequisite(s): EDI 3550 with a grade of C or higher

EDI 4490 - Integrated Early Childhood Curriculum II
Credit(s): 3 Credits
Advanced methods for curriculum development for young children (birth - grade 3) with emphasis on developmentally appropriate practice. Focus on planning, implementation and evaluation of integrated curriculum with special emphasis on language/literacy, science, social studies, safety, nutrition and health. incorporated application of research. Includes field work.

EDI 4510 - Field Experience: Early Childhood Practicum
Credit(s): 3 Credits (Repeatable for credit)
Classroom experience under guidance of master teacher in an early childhood setting (birth - grade 3). Incorporated application of theories in the learning environment. Opportunities for development and implementation of appropriate activities with individuals and groups. Field experience focuses on children at various developmental levels including children with disabilities.

EDI 4550 - Practicum: Elementary Education
Credit(s): 1-4 Credits (Repeatable for credit)
Classroom experience under the guidance of a master teacher in an elementary setting (Grades 1-6). Opportunities for development and implementation of appropriate activities with individuals, small and large groups.
EDI 4560 - Practicum: Middle School
Credit(s): 1-4 Credits (Repeatable for credit)
Classroom experience under the guidance of a master teacher in a middle school setting (grades 5 - 9). Opportunities for development and implementation of appropriate activities with individuals, small and large groups.

EDI 4570 - Practicum: Secondary Education
Credit(s): 1-4 Credits (Repeatable for credit)
Classroom experience under the guidance of a master teacher in a secondary setting (grades 9 - 12). Opportunities for development and implementation of appropriate activities with individuals, small and large groups.

EDI 4720 - Families as Educational Partners
Credit(s): 3 Credits
Survey existing community resources, investigate parenting styles, and examines various areas of home/school cooperation. Spring semester.

EDI 4810 - Observation and Student Teaching in Early Childhood
Credit(s): 10 Credits
Involves ten weeks of full time student teaching under the direction of an experienced teacher and a University supervisor. Student initially observes, then gradually assumes responsibility for all classroom activities. Every semester.

EDI 4820 - Observation & Student Teaching for Elementary Schools
Credit(s): 10 Credits
Involves ten weeks of full time student teaching under the direction of an experienced teacher and a University supervisor. Student initially observes, then gradually assumes responsibility for all classroom activities. Every semester.

EDI 4830 - Observation & Student Teaching in Middle Schools
Credit(s): 10 Credits
Involves ten weeks of full time student teaching under the direction of an experienced teacher and a University supervisor. Student initially observes, then gradually assumes responsibility for all classroom activities. Every semester.

EDI 4840 - Observation and Student Teach in Secondary School
Credit(s): 10 Credits
Involves ten weeks of full time student teaching under the direction of an experienced teacher and a University supervisor. Student initially observes, then gradually assumes responsibility for all classroom activities. Every semester.

EDI 4860 - Pro Dev EC,Elem,SpEd, ECSE
Credit(s): 3 Credits
This course is designed to focus on issues related to student teaching and professional development. The seminar will include opportunities for problem solving and for developing a professional portfolio. Focus is also on meeting requirements as a beginning teacher. This course is to be taken concurrently with student teaching.

EDI 4870 - Prof Dev Sem Middle,Sec,SpEd
Credit(s): 3 Credits
This course focuses on the inclusion of all students in the general early childhood and elementary classrooms. Emphasis will be on the development of interventions, strategies, differentiation of instruction for all students, facilitation of social acceptance, participation in the IEP process and collaboration with other professionals. Includes strategies for gifted students and students with disabilities. Includes field work.

EDI 4880 - Senior Inquiry: Non-Certification
Credit(s): 3 Credits
Senior inquiry. Offered annually.

EDI 4930 - Special Topics
Credit(s): 1-3 Credits (Repeatable for credit)

EDI 4940 - Portfolio Development III
Credit(s): 1 Credit
This course covers the principles and practices of portfolio development as they pertain to student teaching and is specifically designed to assist students in completing their Program Portfolios. Course products at this level include selection of 12-15 artifacts and composition of ten mediation statements representing the ten standards addressed by the portfolio. A student must receive a grade of 'S' for certification and graduation.

EDI 4980 - Independent Study
Credit(s): 1-3 Credits (Repeatable for credit)

EDI 5040 - Using Children's YA Literature to Promote Conversations about Equity and Justice
Credit(s): 3 Credits
Critical exploration of children's books and adolescent literature with a focus on using these texts to promote discussions related to identity and culture, including gender, race, class, sexuality, ability, age, region, and religion. Particular attention to global/international and multicultural books. Curricular engagements, such as literature discussions and multimodal response projects, are discussed within the context of establishing a culture of readers that is responsive to all learners, particularly culturally and linguistically diverse students, struggling readers, and exceptional learners. In addition to shared inquiries, students will develop individual projects for incorporating literature in their particular setting. This is a reading-intensive course. (Offered in Fall even years)

EDI 5360 - Principles and Methods of Catechesis
Credit(s): 3 Credits
This course will engage participants with the role of the teacher as catechist in the mission of the Catholic school. Throughout the course, participants will design age-appropriate lessons to engage children and adolescents with the core teachings of the Catholic Church in ways that enable deepening understanding and growth in faith in school-aged students.

EDI 5390 - Teaching Reading: Contemporary Issues & Practices
Credit(s): 3 Credits
Students will study research-based strategies for teaching reading K-12, including review of instructional programs and materials used in area schools. In addition, students will examine contemporary issues related to teaching and assessing reading. Class projects will allow student to apply course content to their own teaching contexts and professional goals. Field experiences required.

EDI 5480 - Culturally Responsive Curriculum
Credit(s): 3 Credits
This course examines the theoretical developments of culturally responsive curriculum over time and uses an equity framework to provide educators with tools for creating learning environments that are equitable, accessible, and inclusive for all students. The focus is on changing practice and dismantling barriers such as oppression, privilege, entitlement, and resistance to change that perpetuate inequalities and undermine student achievement. Students will learn how to identify barriers and create equity-based action plans related to examining, developing, and implementing curriculum for improving cultural competence, responsiveness, and organization in classrooms as well as the behaviors of individuals responsible for delivering the curriculum. (Offered in Summer)
EDI 5590 - Disciplinary Literacy Assessment & Intervention
Credit(s): 3 Credits
Assessment of student content area literacy skills and development of classroom interventions for K-12 students. Use of standardized and classroom assessments to determine and respond to student strengths/needs in accessing and producing print and digital texts. Includes attention to students with special needs and those learning English. Requires a practicum component.
Prerequisite(s): EDI 5390

EDI 5600 - Models of Teaching
Credit(s): 3 Credits
Students examine current theories of teaching, practical models for classroom behavior and interaction patterns designed to enhance learning. The wide range of options the teacher may adopt and adapt to his/her unique situation is emphasized. (offered occasionally).

EDI 5610 - Language & Culture
Credit(s): 3 Credits
This course provides perspectives on culture and language. It will focus on a variety of ways to reflect critically about what it means to study cultures other than one's own. At a practical level, the members of the class will consider situations that individuals face with international interactions, including the negotiation of culturally different individuals who come into contact with each other. At a more theoretical level, the class will contemplate what presumptions occur and what ideological and philosophical positions may be implied when one studies the way of life, including the language, of another.

EDI 5650 - Racial Literacy and Antiracist Praxis
Credit(s): 3 Credits
This course immerses students in the study of racial identity development, critical race theory, and antiracist praxis. Participants then apply these theories and methods to analyses of curriculum, pedagogy, school culture, school policy, and everyday interactions in a variety of educational settings in order to a) identify inequitable practices; b) learn skills for engaging in conversations about race, equity, and equity-based interventions; and c) develop approaches to antiracist work and ant-bias teaching that are suited to their own educational contexts. (Offered in Spring)

EDI 5700 - Math for the Exceptional Child
Credit(s): 3 Credits
Procedures and techniques for diagnosing children's strengths and weaknesses and prescribing appropriate material will be examined and studied. Teachers will also have the opportunity to examine selected formal and informal tests and construct math materials appropriate for their students. (offered occasionally).

EDI 5760 - Middle Level Philosophy & Organization
Credit(s): 1 Credit
This course will address the unique aspects of middle level education – the philosophical basis of the middle level education, the history of the middle school phenomenon, the philosophical and psychological underpinnings of teaching early adolescents, and the unique curricular programs and organizational aspects of a middle school program, both as a separate grade configuration in a separate building and as part of a K-8 school.

EDI 5800 - Talking and Learning in Classrooms
Credit(s): 3 Credits
This seminar focuses on the role of talk in the learning process and ways to support and assess classroom talk in small group and whole class settings. This course is appropriate for masters and doctoral level students, practicing teachers, and school administrators interested in a closer examination of classroom talk. Course experiences will include qualitative research strategies for studying talk. This is a research elective course.

EDI 5810 - Curriculum and Instruction Summer Institute
Credit(s): 1-3 Credits (Repeatable up to 6 credits)
Curriculum and Instruction Summer Institute.

EDI 5820 - Field Experience 1 World Languages
Credit(s): 1 Credit
This field experience is a 42-hour practice opportunity in a world-language classroom taken towards the beginning of the licensure program. Participants should plan to complete this field experience in a different context (i.e. learner population) than the second field experience. Participants will observe classroom practices, assist the master teacher, carry out instruction and receive feedback on interactions and lessons with the class. Participants will be asked to create lesson plans, conduct assessments, engage in curriculum and daily instructional planning, demonstrate the use of educational technology in the classroom, and critically reflect on best practices in the teaching and learning of second languages in this context.

EDI 5825 - Field Experience II World Languages
Credit(s): 1 Credit
This second field experience is a 42-hour practice opportunity in a world-language classroom taken towards the middle of the licensure program. Participants should plan to complete this field experience in a different context (i.e. learner population) than the first field experience. Participants will observe classroom practices, assist the master teacher, carry out instruction and receive feedback, and design techniques that model and advocate for curricular decision-making that prioritizes learners. Participants will be asked to create lesson plans, conduct assessments and moreover, critically reflect on best assessment practices by gathering, interpreting and sharing data. Participants will engage in curriculum and daily instructional planning, demonstrate the use of educational technology in the classroom, and overall reflect on best practices in the teaching and learning of second languages in this context.

EDI 5860 - Supervised Practicum Choice of Elementary Middle or High School
Credit(s): 8 Credits
The student teaching semester is a comprehensive program for the professional development of teacher candidates. This experience provides opportunities for teacher candidates to test methods and theories of teaching, to develop effective strategies for teaching and learning, to identify teaching strengths and weaknesses, and to develop a personal teaching style. Teacher candidates bring with them an understanding of content, classroom management and teaching strategies from previous coursework and fieldwork. Their success will depend on their abilities to reflect on these professional courses and apply educational principles and techniques within the classroom settings. Under the direction of a certified teacher and a university supervisor certified in the teacher candidate's content area, the teacher candidates will initially observe, and then gradually assume responsibility for all classroom activities for a minimum of two weeks.
EDI 5900 - Developing and Implementing a Culturally Responsive Curriculum through Instruction and Assessment
Credit(s): 3 Credits
This course examines the theoretical developments of culturally responsive curriculum over time and uses the Cultural Proficiency Framework to provide educators with tools for creating learning environments that are equitable, accessible, and inclusive for all students. The focus is on changing practice and dismantling barriers such as oppression, privilege, entitlement, and resistance to change that perpetuate inequalities and undermine student achievement. Students will learn how to identify barriers and create equity-based action plans related to examining, developing, and implementing curriculum for improving cultural competence, responsiveness, and organization in classrooms as well as the behaviors of individuals responsible for delivering the curriculum.

EDI 5920 - Collaborative Leadership and Communication
Credit(s): 3 Credits
This course offers a new vision of teacher professionalism which includes moving beyond knowing what and how to teach, to articulating for ourselves and our colleagues why we teach in certain ways, to strategically informing others about principles that underlie our practice and the effects of our choices on student learning. Participants will develop skills of leadership, communication, and advocacy that can produce lasting change in classrooms and schools. They will then put these skills to work in their own context in order to change the public narrative about education and engage more productively with local stakeholders including families, administrators, community members, and legislators. (Offered in Spring)

EDI 5930 - Special Topics
Credit(s): 3 Credits (Repeatable for credit)

EDI 5940 - Supervised Practicum Choice of Elementary Middle or High School
Credit(s): 8 Credits
The student teaching semester is a comprehensive program for the professional development of teacher candidates. This experience provides opportunities for teacher candidates to test methods and theories of teaching, to develop effective strategies for teaching and learning, to identify teaching strengths and weaknesses, and to develop a personal teaching style. Teacher candidates bring with them an understanding of content, classroom management and teaching strategies from previous coursework and fieldwork. Their success will depend on their abilities to reflect on these professional courses and apply educational principles and techniques within the classroom settings. Under the direction of a certified teacher and a university supervisor certified in the teacher candidate's content area, the teacher candidates will initially observe, and then gradually assume responsibility for all classroom activities for a minimum of two weeks.
Prerequisite(s): 1 course from EDI 5600, EDI 5390, EDI 5840, EDF 5700, EDSP 5310, SPAN 5041, SPAN 5042, and EDSP 4250

EDI 5950 - Special Study for Exams
Credit(s): 0 Credits (Repeatable for credit)
Special Study for exams.

EDI 5960 - MAT Capstone
Credit(s): 3 Credits
This course will engage students in consolidating their knowledge and skills through their Master of Arts in Teaching degree coursework, their two years of teaching experience, their two years of membership on an elementary, middle or high school faculty, and their two years of mentoring by their school mentor and their university supervisor.
