PROFESSIONAL STUDIES
(PST)

PST 1000 - Learning Strategies and Processes
Credit(s): 3 Credits
This course explores the various functions that comprise the complex task of learning. Theories of development, motivation, intelligence, information processing, learning styles, behaviorism, and problem solving will be presented. Personal and environmental factors associated with academic and workplace success will be examined. Application of course content will enable students to use a variety of resources to become more self-directed, effective, efficient learners.

Restrictions:
Enrollment limited to students in the Schl for Professional Studies college.

Attributes: Prof. Studies Students Only

PST 1500 - Igniting Success: Jesuit Education and the Adult Learner
Credit(s): 2 or 3 Credits
Igniting Success - Jesuit Education and the Adult Learner will introduce students to what being a Billiken truly means by exploring Saint Louis University’s mission and Jesuit principles. Students will work closely with their Academic Coach throughout this course to familiarize themselves with the different resources available and online learning tools they will be utilizing as they work through their program. Student will also review and master writing concepts that will be revisited throughout their program of study at the School for Professional Studies. (Offered occasionally)

Restrictions:
Enrollment limited to students in the Schl for Professional Studies college.

PST 1900 - Survey of Economics
Credit(s): 3 Credits
Analysis of how individuals, firms and nations make choices given limited resources. Determinants of decision making in market economies. The political economy of income, employment, and inflation in the aggregate. The role of government and the Federal Reserve.

Restrictions:
Enrollment limited to students in the Schl for Professional Studies college.

Attributes: Prof. Studies Students Only

PST 3200 - Human Resources in Orgs
Credit(s): 3 Credits
An examination of human resource management functions. Students will gain a deeper understanding of the legal environment and equal employment opportunities; job design and analysis; recruiting, orientation, and training; performance appraisal; compensation systems; labor relations; collective bargaining and grievance processes; and health and safety in the workplace. The final course project will require students to conduct in-depth research in the area of human resource management (HRM) and apply HRM theory and research to a not-for-profit organization.

Prerequisite(s): CMMK 1210; ENGL 2005

Restrictions:
Enrollment limited to students in the Schl for Professional Studies college.

Attributes: Prof. Studies Students Only
