**RADIOLOGY (R)**

**R 0302 - Radiology Career Exploration**  
**Credit(s): 1-2 Credits**  
(Repeatable for credit)  
This course may be used to register for Radiology career exploration. The location of the experience may be at a SLU SOM affiliate or at another health care institution.

**R 0304 - Esse Health - Excel Imaging**  
**Credit(s): 1-4 Credits**  
(Repeatable for credit)

**R 0305 - Interventional Radiology @ Cardinal Glennon Children's Hospital**  
**Credit(s): 1-4 Credits**  
(Repeatable for credit)

**R 0306 - Interventional Radiology @ John Cochran Veterans Administration**  
**Credit(s): 1-4 Credits**  
(Repeatable for credit)

**R 0307 - Interventional Radiology @ SSM Saint Mary's Hospital**  
**Credit(s): 1-4 Credits**  
(Repeatable for credit)

**R 0308 - Mercy Hospital - Radiology & Pediatric Radiology**  
**Credit(s): 1-4 Credits**  
(Repeatable for credit)

**R 0309 - Interventional Radiology @ SSM Saint Louis University Hospital**  
**Credit(s): 1-4 Credits**  
(Repeatable for credit)

**R 0310 - Vascular Institute at DePaul**  
**Credit(s): 1-4 Credits**  
(Repeatable for credit)

**R 0401 - Diagnostic Radiology- Saint Louis University Hospital**  
**Credit(s): 2-12 Credits**  
The student will rotate through General Diagnostic Radiology, Computed Tomography, Ultrasound, MRI, Neuroradiology, and Interventional/Body Procedures. Students are expected to attend designated clinical radiological conferences and daily read-out sessions. The student will observe the activities in each area including image interpretation and/or procedures. Discussion in formal and informal settings will center on the role of the radiologist in the management of diverse clinical situations, and the indication and limitations of the various techniques.

**R 0403 - Diagnostic Radiology- Cardinal Glennon Children's Hospital**  
**Credit(s): 2-12 Credits**  
An introduction to radiographic methods of diagnosis with emphasis on the indications for and limitations of various examinations. This will be coupled with radiographic anatomy and a general introduction to clinical Radiology.

**R 0404 - Neuroradiology- Saint Louis University Hospital**  
**Credit(s): 2-12 Credits**  
Students will observe the operations of an academic neuroradiology practice. This includes the protocling and interpretation of computed tomography (CT) and magnetic resonance imaging (MRI) of the brain, spine, orbits, face, and neck as well as the work-up and performance of image-guided spine procedures such as lumbar puncture (LP), myelography, and administration of intrathecal chemotherapy.

**R 0408 - Pediatric Neuroradiology**  
**Credit(s): 2-12 Credits**  
(Repeatable for credit)  
Direct observation and instruction on how to interpret neuroimaging studies in children. Will be working with attending neuroradiologist at Cardinal Glennon.

**R 0409 - Vascular and Interventional Radiology**  
**Credit(s): 1-12 Credits**  
(Repeatable for credit)  
The goal of this elective is to provide medical students with an introduction to interventional radiology, now recognized as a distinct specialty by the American Board of Medical Specialties. IR utilizes real-time imaging to perform minimally-invasive vascular and interventional procedures.

**R 0410 - Body Magnetic Resonance Imaging (MRI)**  
**Credit(s): 1-8 Credits**  
(Repeatable for credit)

**R 0411 - Breast Imaging and Intervention**  
**Credit(s): 1-4 Credits**  
(Repeatable for credit)

**R 0412 - Interventional Radiology in Oncology at SLU**  
**Credit(s): 4 Credits**  
The goal of this elective is to provide medical students with an introduction to interventional radiology, now recognized as a distinct specialty by the American Board of Medical Specialties. IR utilizes real-time imaging to perform minimally-invasive vascular and interventional procedures. The goals of the 4th year medical student rotation in the vascular and interventional radiology department of St. Louis University are based on the Accreditation Council for Graduate Medical Education (ACGME) six core competencies used by graduate medical education programs to evaluate trainees. The six ACGME Core Competencies are: patient care; medical knowledge; practice-based learning and improvement; interpersonal and communication.

**R 0901 - Radiology Direct Patient Care**  
**Credit(s): 1-12 Credits**  
(Repeatable for credit)  
This course may be used to register for a Radiology elective. The elective experience must fulfill the requirements for a direct-patient care elective. The location of the experience may be at a SLU SOM affiliate or at another health care institution.

**R 0902 - Radiology Non-Direct Patient Care**  
**Credit(s): 1-12 Credits**  
(Repeatable for credit)

**R 0903 - Radiology Research**  
**Credit(s): 1-12 Credits**  
(Repeatable for credit)  
This course may be used to register for a Radiology elective. The elective experience must fulfill the requirements for a research elective. The location of the experience may be at a SLU SOM affiliate or at another health care institution.
