Lisieux Huelman, Ph.D.
Pathway Coordinator

Description
INTO Saint Louis University (SLU) delivers university-designed Academic English and Pathway programs to support and prepare international students who do not meet the requirements for direct entry for successful academic careers at Saint Louis University. Additional courses that support Saint Louis University’s English curriculum are also available for international students.

Academic English
Academic English is designed for students who do not meet the English language entry requirements for an Undergraduate or Graduate Pathway. Upon successful completion of Academic English, students may progress to an INTO SLU Undergraduate or Graduate Pathway program.

Pathway Programs
INTO Saint Louis University Undergraduate International Year One and Graduate Pathway programs are ideal for international students who need additional English language and academic preparation before continuing to a degree program at Saint Louis University. The Pathway programs combine intensive language study, academic skills development and credit-bearing coursework in a customized program designed to move students successfully into their undergraduate or graduate degree program.

English for International Students
We offer English composition, rhetoric, and literature classes for international students. These courses are cross-listed with their counterparts in the English Department.

EAP 1500 College Composition for International Students (3 cr)
EAP 1900 Rhetoric & Research Strategies (3 cr)
EAP 2850 Introduction to Literature for International Students (3 cr)

Policies

The Student Handbook, updated each August, describes the policies and procedures of the Academic English and Pathway Programs. The Handbook contains information about continuation, progression, and matriculation, as well as information about advising and academic support. While the Handbook does contain general policies and guidelines, the Academic Team can revise, suspend, or complement these when they see fit.
