

# CYBERSECURITY, BACHELOR'S TO M.S. ACCELERATED PROGRAM

the materials and make a final decision. If the student does not meet the 3.50 overall GPA requirement or fails to obtain a B or better in the bridge program courses, s/he may submit a full application for admission through graduate education, which requires supplemental materials that may improve the probability of admission.

The accelerated bachelor's to master's program in Cybersecurity is designed for working professionals pursuing a bachelor's degree in any SPS degree program who may have an interest in pursuing a Master of Science in Cybersecurity once they complete their undergraduate program.

This accelerated program allows undergraduate students to complete up to 12 graduate level credits and 1) have these credits count as undergraduate elective credits, and 2) after successfully being accepted into a SPS graduate program, matriculate these credits towards the graduate program requirements.
